## EDUCATORS AT SPACE ACADEMY

### **Accommodations**

Dormitory accommodations are located at The University of Alabama in Huntsville (UAH) campus in the North Campus residence Hall. The dorms are designed as suites, with four persons per suite with females roomed together and males roomed together. Bus transportation is available at prescribed times to and from Space Camp. The GPS address is 1303 Ben Graves Rd NW, Huntsville, AL 35816 if you are driving.

Each resident has his or her own sleeping room and shares a bath with one other person. A common area, shared with three other educators, offers a refrigerator and microwave. Bed linens, pillows and towels are provided.

Wireless internet is available. Educators are welcome to bring their laptops, however we do recommend that laptops and other valuables stay in your locked room at the dorm while you participate in the Academy during the day. We encourage the use of smart phones for pictures, projects, etc. at the appropriate time. Prior to arriving at camp you will be receiving an email from UAH IT with your instructions for wireless and password. Please check your spam folder for this email.

### **Dress Suggestions**

Dress for the Academy is casual. Slacks, shorts, shirts and comfortable walking shoes are appropriate. The climate in Huntsville is typically hot and humid during summer months with an average temperature of 85 degrees F during the day and 65 degrees F at night. We suggest dressing in layers for transitioning between air-conditioned areas and the outdoors. Honeywell will provide your flight suit and a HESA T-Shirt.

### **Appropriate Swimwear**

Because you will be participating in Aviation Challenge water activities, we strongly suggest wearing long shorts over swim attire. Even if you do not swim, please bring swimming clothes. (Note: While we encourage you to experience all Academy activities, you are not forced to participate in anything you are not comfortable with).

# Honeywell

## EDUCATORS AT SPACE ACADEMY

Honeywell will provide a beach towel for all participants, but feel free to bring your own if you want.

Women: One piece, conservative suit, with a pair of waterproof type shorts and a t-shirt.

Men: Long trunk/short like suit (not a “speedo or brief” type) and a t-shirt.

### **Other Items to Bring:**

- Closed-toed/closed-heeled shoes for simulations
- Clothes hangers
- Appropriate water-proof footwear
- Sunscreen and hat
- Cell phone (no public phones available)
- Bug spray
- All toiletry items (toothbrush, shampoo, toothpaste, etc.)
- Umbrella or rain coat
- Electrical adapters if traveling internationally
- Please bring one business casual outfit for your graduation dinner and dance

### **PROFESSIONAL DEVELOPMENT HOURS/GRADUATE CREDIT**

Space Academy for Educators offers intensive classroom, laboratory and training time. You will receive professional development PD credit for your participation. Be sure to check with your school ahead of time and ask about any pre-approval requirements or forms that might need to be filled out while you are here.
