

Today's Honeywell

(Malaysia, Thailand, Singapore, the Philippines)

Last Update: March 2015

**We are building a world
that's safer and more secure ...
more comfortable and energy efficient ...
more innovative and productive ...**

Honeywell

This document contains certain statements that may be deemed "forward-looking statements" within the meaning of Section 21E of the Securities Exchange Act of 1934. All statements, other than statements of historical fact, that address activities, events or developments that we or our management intends, expects, projects, believes or anticipates will or may occur in the future are forward-looking statements. Such statements are based upon certain assumptions and assessments made by our management in light of their experience and their perception of historical trends, current economic and industry conditions, expected future developments and other factors they believe to be appropriate. The forward-looking statements included in this release are also subject to a number of material risks and uncertainties, including but not limited to economic, competitive, governmental, and technological factors affecting our operations, markets, products, services and prices. Such forward-looking statements are not guarantees of future performance, and actual results, developments and business decisions may differ from those envisaged by such forward-looking statements. We identify the principal risks and uncertainties that affect our performance in our Form 10-K and other filings with the Securities and Exchange Commission.

Who Is Honeywell?

Honeywell

Business Overview

(2014 Sales)

Aerospace

\$15.6 Billion

Automation and Control Solutions

\$14.5 Billion

Performance Materials and Technologies

\$10.2 Billion

Great Positions In Good Industries

Honeywell developed the first autopilot flight controller (1914), first commercial weather radar system (1954), first business jet turbofan engine (1975), and is still the leader in developing revolutionary technology for aerospace today.

Honeywell pioneered automotive turbocharging 60 years ago and remains the industry leader launching, on average, 100 new turbo applications globally each year.

Honeywell is the leader in gas detection, fire systems, personal protective equipment, building controls, home comfort and security, and scanning and mobility.

Honeywell's technology is used to produce 40% of the world's liquefied natural gas, 60% of the world's gasoline, 70% of the world's polyester, and 90% of the world's biodegradable detergents.

Highly Diversified, Technology-Driven Industrial Company

Energy Efficiency And Clean Energy Generation

Honeywell

With nearly 50% of our portfolio dedicated to energy solutions, Honeywell is leading the charge in energy efficiency and clean energy generation.

By immediately and comprehensively adopting existing Honeywell products and solutions, the U.S. could **reduce energy consumption 20 to 25%**.

Safety And Security

Honeywell

Honeywell equipment and technologies can help keep an emergency from becoming a tragedy, and our security solutions protect us from emerging threats.

Honeywell is a leader in advanced in-flight and on-the-ground avionics to **keep travelers safe.**

Spectra fiber is **15 times stronger than steel** but light enough to float.

Expanding Global Wealth Per Capita

Honeywell

Honeywell is developing solutions that support growing infrastructure and improve the quality of life for people around the world.

The growing middle class is expected to increase from **1.8 to almost 5 billion people by 2030.**

Customer Productivity

Honeywell

Honeywell solutions help our customers be better, faster, and more efficient.

Honeywell is an industry leader in **wireless and scanning technologies** used in **home, building, and industrial** applications.

In-flight Productivity

Great Positions In Good Industries

Honeywell

	Aviation		Automotive & Transportation		Buildings, Construction, & Maintenance
Chemicals, Specialty Materials, & Fertilizers		Consumer & Home		Efficiency, Energy, & Utilities	
	Fire Protection & First Responder				Healthcare & Medical
Industrial Process Control		Defense & Space		Natural Gas, Refining, Petrochemicals, & Biofuels	
	Safety & Security		Scanning & Mobile Productivity	<p>Energy Efficiency, Clean Energy Generation, Safety & Security, Expanding Global Wealth Per Capita, and Customer Productivity</p>	

Our mechanical and electrical innovations are used today on virtually every commercial and defense aircraft platform, making air travel safe, efficient, productive, and comfortable. We also provide world-class turbocharger solutions that make passenger and commercial vehicles perform better and more fuel efficiently.

Businesses:

- Commercial OE (Original Equipment)
- Commercial Aftermarket
- Defense & Space
- Transportation Systems

Headquarters:

Phoenix, Ariz.

Technologies:

- Cockpit systems
- Runway and flight safety technology
- Air Traffic Management
- SATCOM and connectivity
- Propulsion
- Precision guidance
- Wheels and brakes
- Logistics services
- Gasoline, diesel, hybrid, and fuel cell turbochargers with variable nozzle technology

Automation And Control Solutions

Honeywell

Our environmental controls, energy management systems, life safety devices, security systems, sensors, scanners, and mobile products are at work in homes, buildings, and public and private utilities around the world, keeping our customers comfortable, protected, and productive.

Businesses:

- Honeywell Building Solutions
- Environmental and Combustion Controls
- Honeywell Industrial Safety
- Honeywell Fire Safety
- Honeywell Security Group
- Honeywell Scanning and Mobility
- Sensing and Control

Technologies:

- Home comfort and security
- Building control systems
- Smart Grid/Demand response technology
- Scanning and mobile computers
- Fire alarm systems and gas detection
- Personal protective equipment
- Automatic identification and data collection
- Remote health monitoring

Headquarters:

Minneapolis, Minn.

Performance Materials And Technologies

Honeywell

We develop advanced materials, process technologies, and automation solutions that reduce emissions, improve operational efficiency, enable production of cleaner fuels, increase capacity in oil refineries, increase the strength of ballistic materials and fibers, and protect medicines.

Businesses:

- UOP
- Honeywell Process Solutions
- Fluorine Products
- Resins and Chemicals
- Specialty Products

Headquarters:

Morristown, N.J.

Technologies:

- Oil and gas process technology, equipment, catalysts, and services
- Industrial automation controls
- Low-global-warming potential refrigerants
- Specialty films and additives
- Advanced fibers and composites
- Nylon materials and ammonium sulfate fertilizer
- Electronic materials and chemicals

Honeywell in Southeast Asia (MSPT)

Honeywell

Thailand

- Present in Thailand for more than 20 yrs
- More than **400** employees at **3** locations
- **1** Factory:
Honeywell Electronic Materials (Chonburi)

Singapore

- More than **1,000** employees at **8** locations
- **3** Factory:
Aftermarket Mechanical R&O for Commercial Airlines;
Mechanical OEM for HON Aero USA Internal Customers;
Aftermarket Avionics R&O for Commercial Airlines

Philippines

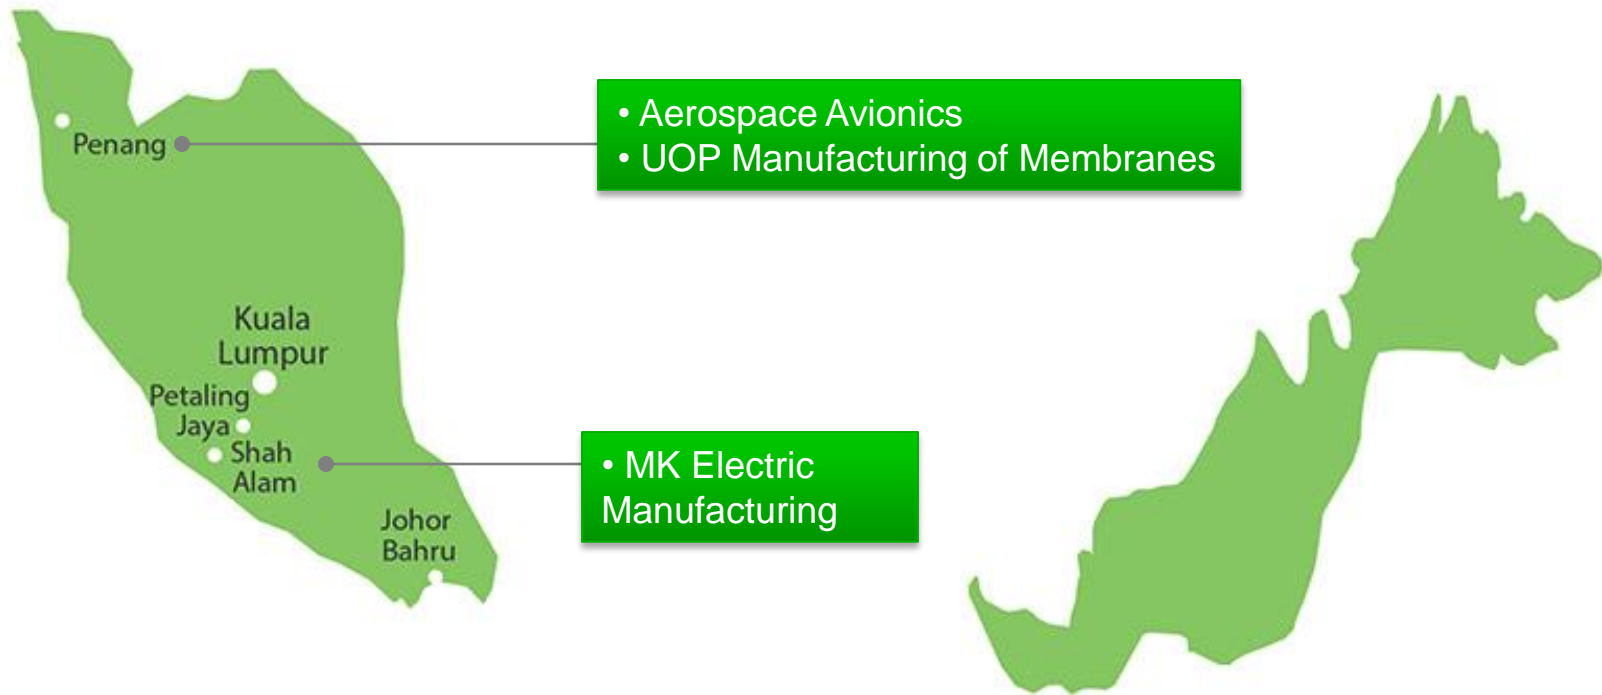

- **1** Factory:
Honeywell CEASA (Subic Bay)
Wheels & Brakes Aftermarket Service

Malaysia

- Present in Malaysia since **1985**
- More than **1,400** employees at **7** locations
- **3** Factories:
Aerospace Avionics (Penang)
Manufacturing of Membranes (Penang)
MK Electric Manufacturing (Shah Alam)

Facts & Figures

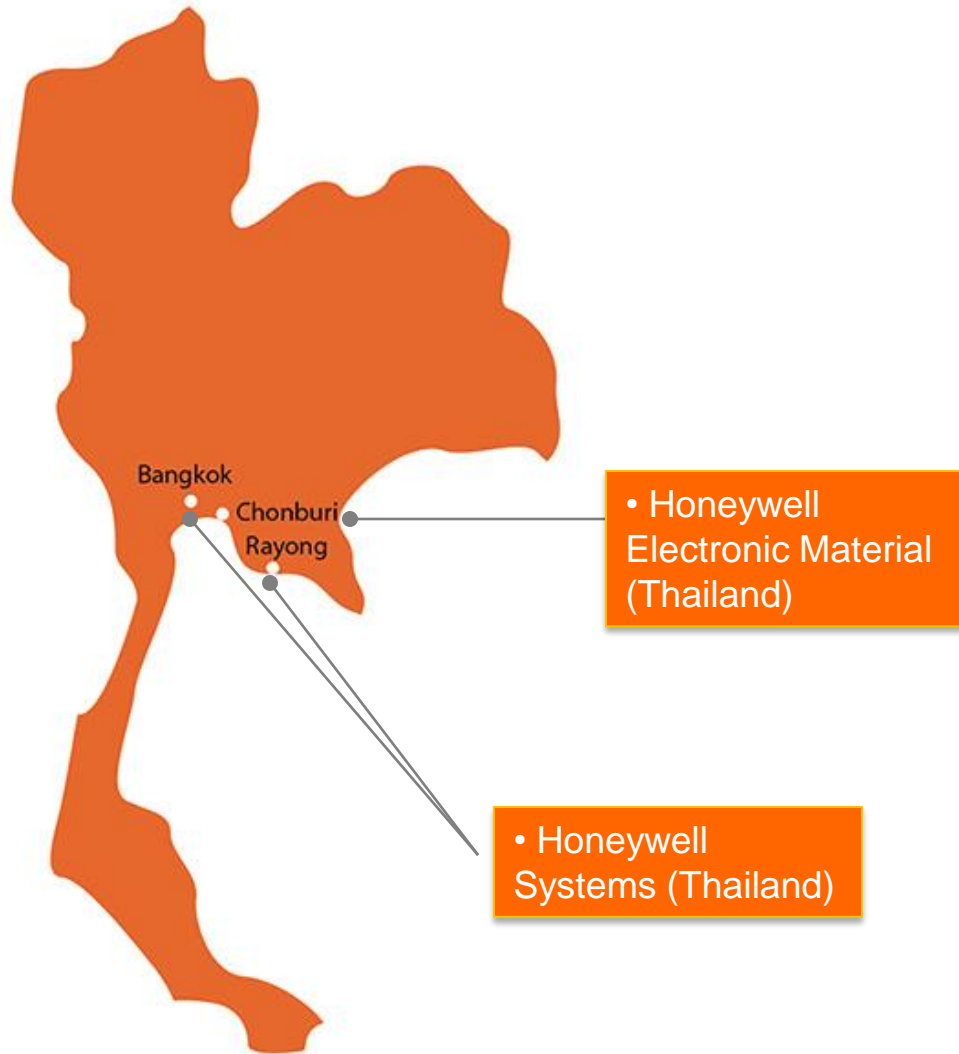

- Present in Malaysia since 1985
- More than 1,400 employees at 7 locations
- Strong partnerships with PETRONAS, KL International Airport, Citibank, among others
- 3 Factories manufacture for global customers

Honeywell in Singapore

Facts & Figures

- More than 1,000 employees at 8 locations
- A new Automation Solution Center established in Singapore in 2013 as a part of its global deployment of demonstration centers around the world
- Strong partnerships with National University of Singapore, Suntec City, and Singapore General Hospital
- Aftermarket service centers for commercial airlines
- Mechanical OEM for Honeywell Aerospace USA internal customers
- Sales and marketing support for the rest of Southeast Asia market

Facts & Figures

- Present in Thailand for more than 20 years
- More than 400 employees at 3 locations
- Honeywell Electronic Materials (Thailand) Co., Ltd. was initially formed in 1989. It manufactures cost-effective, high-quality integrated packaging solutions (IPS) for the world's leading semiconductor manufacturers.
- Since 1987, Honeywell Systems (Thailand) has been providing local customers with automation and control systems and products for industrial complexes and building solutions

Honeywell in the Philippines

Facts & Figures

- Working closely with local distributors and dealers to provide products and services in the Philippines
- In March 2003, Honeywell CEASA (Subic Bay) Company, Inc. was founded in the Philippines and employs about 20 employees locally.
- Honeywell CEASA (Subic Bay) provides maintenance, repair and overhaul facility for commercial aviation wheels and brakes.

A Significant Player in Southeast Asia (MSPT)

Honeywell

Honeywell is a strong solutions provider for **major airlines and LCCs** in the region, with full-fledged capabilities in repair and overhaul. **Aerospace Penang** site in Malaysia manufactures avionics for global carrier leaders like Boeing and Airbus.

Honeywell's building technologies and security and safety products are widely used in landmark buildings including **KLCC Towers, University of PETRONAS, and Citibank** in Malaysia; and **Asia Square Towers, National University of Singapore, Suntec City, and Singapore General Hospital** in Singapore.

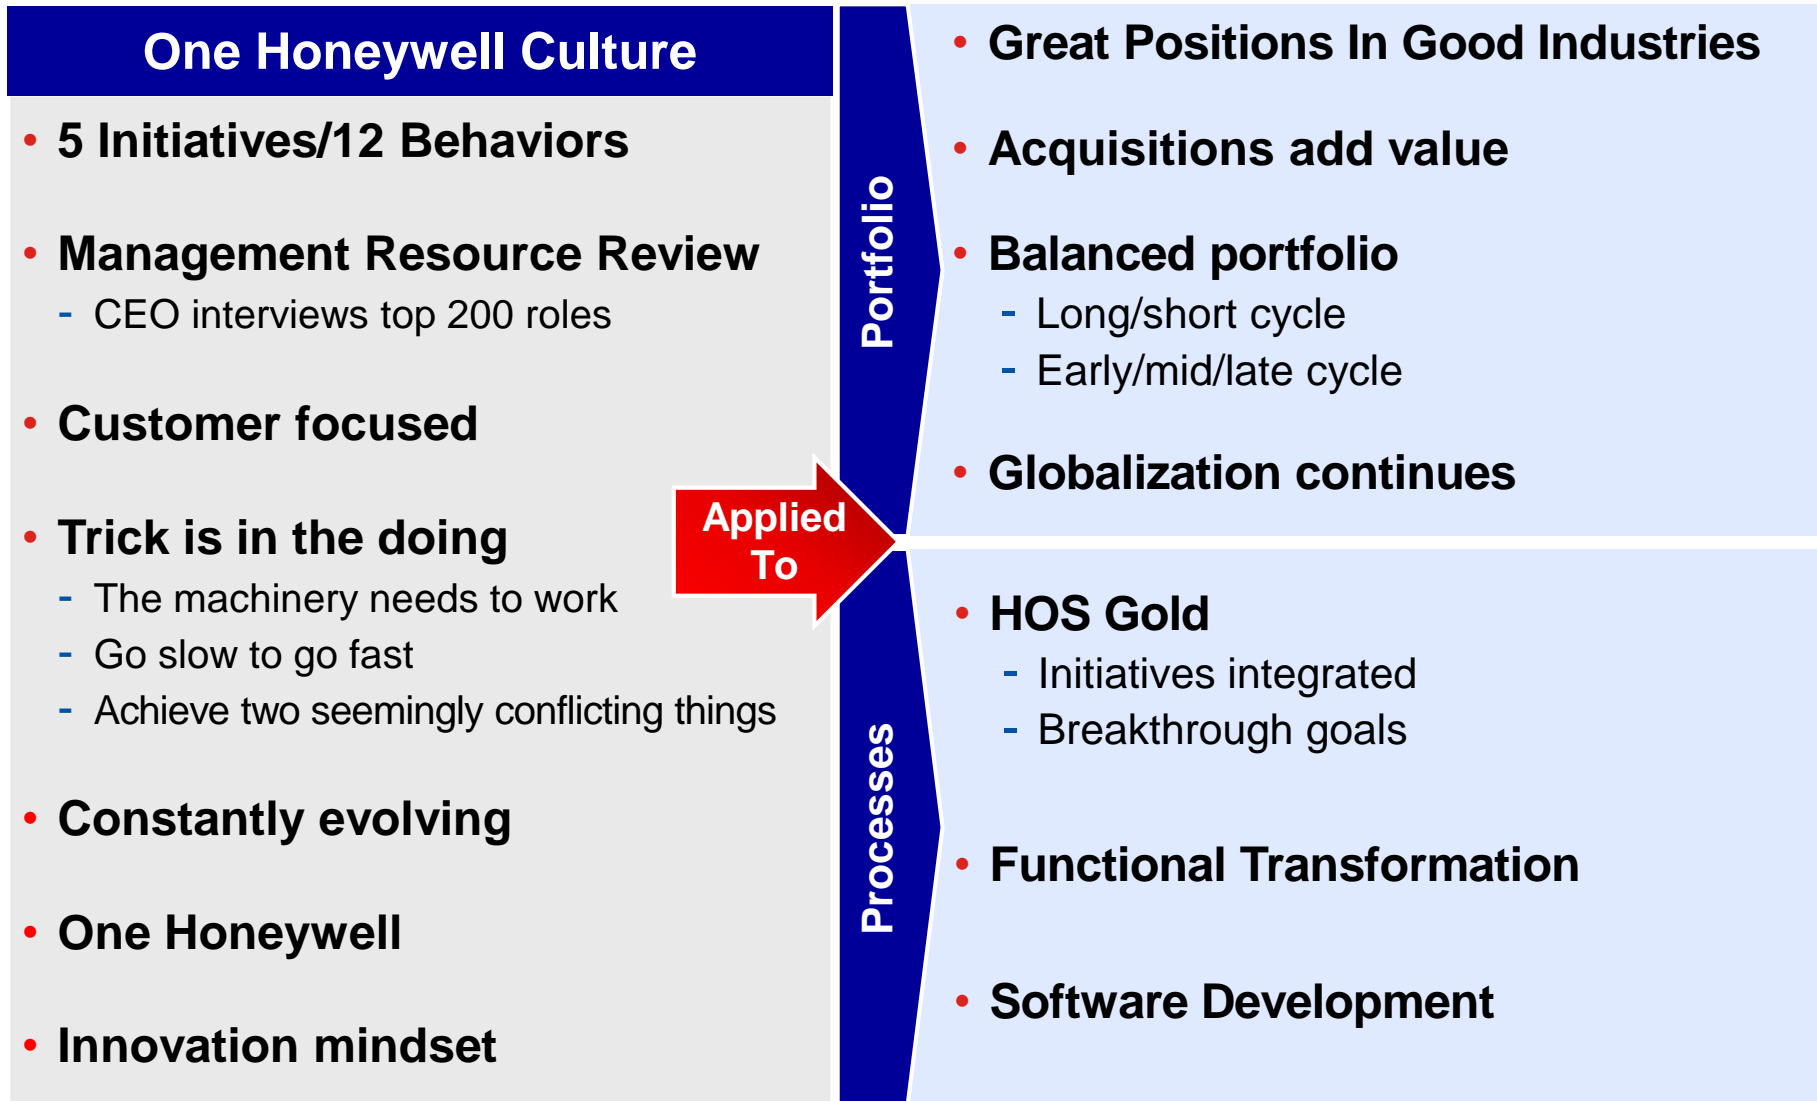

Honeywell's scanning solutions, including barcode scanners and electronic article surveillance tools, have been selected by **TESCO Lotus** in Thailand to ensure highest customer output and checkpoint productivity.

Honeywell's refining and process control technologies are helping the region's oil and gas industry, including **PETRONAS** in Malaysia, to improve efficiency, safety and productivity. We have opened an **Automation Solution Center** in Singapore to demonstrate technologies and partners. We also provide Refrigerants for air conditioning and other industries.

Honeywell Business Model

Honeywell

Consistent Business Model That Generates Results

HOS Gold is a comprehensive operating system that:

- Capitalizes on strong productivity performance
- Implemented throughout 74 enterprises across Honeywell

And, in addition:

- Blends small-cap speed and agility with large-cap scale and expertise
- Drives breakthrough growth performance

Maintain Strong Productivity & Achieve Exceptional Growth

Technology And Innovation

Honeywell

~22,000

than our industry
averages

Making our
businesses more
environmentally
friendly, safer, and
more sustainable

By 2017, Honeywell will reduce greenhouse gas
emissions by 15% per dollar of revenue from 2011
levels.

*2007-2011

Honeywell Hometown Solutions

Honeywell

Science & Math

Quality programs in STEM for students and teachers

Honeywell Educators @ Space Academy has hosted more than 2,100 teachers from 55 countries since 2004, including 11 from Malaysia, 4 from Singapore and 8 from the Philippines

Honeywell Leadership Challenge Academy has hosted 1,150 students from 47 countries, including 5 from Malaysia, 6 from Singapore and 1 from the Philippines

Honeywell Initiative for Science & Engineering introduced 2007 Physics Nobel Laureate Albert Fert to lecture at University Malaya in 2009

In October 2013, 60 employees from the Honeywell facility in Penang, Malaysia planned and participated in a **Math and Science Day** at a local school reaching 300 middle and high school students

Family Safety & Security

Safety & abduction prevention

Launched a unique activity called the “**7% Helmet Project**” in Thailand in 2015, which invited school children to participate in a helmet painting activity with Honeywell employees. The decorated helmets were donated to those children who promised to use them regularly

Humanitarian Relief

\$9 million in aid around the globe

Honeywell Humanitarian Relief Fund received \$151,000 in donations from more than 1,800 employees for reconstruction of the **Honeywell Ngolos Elementary School** in Guiuan, the Philippines

Eight Aerospace employees in the Philippines received financial assistance from the HHRF during the 2012 **Subic Bay flood disaster**

Habitat & Conservation

Best practices in environmental teaching skills

Honeywell Green Boot Camp has been delivered to 282 teachers since 2008, including 1 from Malaysia
