

If this Purchase Order is for services or other work related to a Project, then the following terms and conditions will apply and will supersede the terms and conditions in this Purchase Order: <https://buildings.honeywell.com/us/en/support/legal/legal-documents-global>

1. DEFINITIONS

“Background Technology” means the Intellectual Property Rights in any Confidential Information, Specifications, Technical Data, Computer Software, Source Code, and Inventions created, conceived, or developed by the personnel of a Party without access to any Confidential Information of the other Party either (a) prior to this Purchase Order or (b) other than in the performance of this Purchase Order.

“Deliverables” mean the documents, reports, material, prototypes, information, data, Computer Software, Source Code, and other items (if any, but excluding Goods) specified in this Purchase Order and its attachments to be delivered to Honeywell by or on behalf of Supplier.

“Foreground Technology” means the Intellectual Property Rights in any Confidential Information, Technical Data, Computer Software, Source Code, and Inventions created, conceived, or developed by the personnel of a Party in the performance of this Purchase Order or resulting from access to the Confidential Information of the other Party.

“Intellectual Property Rights” mean all worldwide intellectual property rights, whether arising under statutory or common law or by contract and whether or not perfected, now existing or hereafter filed, issued, or acquired, including (a) patent rights; (b) rights associated with works of authorship including copyrights and mask work rights; (c) rights relating to the protection of trade secrets and confidential information; and (d) any right analogous to those set forth herein and any other proprietary rights relating to intangible property; but specifically excluding trademarks, service marks, trade dress, and trade names.

“Internet of Things (IOT) Data” means any and all data output from, input to, generated by or otherwise accessible through the Goods and Deliverables, in any form which such data may occur, as a result of any party's use, operation or service of the Goods or Deliverables.

“Inventions” mean know-how, ideas, concepts, processes, and discoveries, which are or may be patentable or otherwise protectable under Title 35 of the United States Code or similar provisions in any country party to the Patent Cooperation Treaty.

“Joint Technology” means the Intellectual Property Rights in any Confidential Information, Technical Data, Computer Software, Source Code, and Inventions jointly created, conceived, or developed by personnel of both Parties in the performance of this Purchase Order.

“Source Code” means the human readable embodiment of the Computer Software code, in or on any electronic media, and includes complete comments, flow charts, program narratives, and all related system and programming documentation for the Computer Software, every change to the Computer Software and all externalizations, utilities and compilers required to utilize, execute and modify the source code form of the Computer Software and which is sufficient to enable a reasonably skilled programmer to maintain and enhance the Computer Software.

2. PURCHASE ORDER ACCEPTANCE- ORDER OF PRECEDENCE- MODIFICATION

- A. This purchase order (**“Purchase Order”**) is for the purchase of goods, services, or both as described on the face of this Purchase Order (collectively, **“Goods”** or **“Products”**) and is issued by the member of the Honeywell International Inc. group of companies identified on the face of this Purchase Order (**“Honeywell”**). Each Purchase Order will be deemed immediately accepted and binding upon Supplier, unless it requires delivery of Products in less than the lead time, in which case Supplier may reject such Purchase Order within 3 calendar days of receipt. Honeywell rejects any additional or inconsistent terms and conditions offered by Supplier at any time. Any reference to

Supplier's quotation, bid, or proposal does not imply acceptance of any term, condition, or instruction contained in that document.

- B. **Electronic Acceptance of Purchase Order.** By accepting the Purchase Order electronically, the Supplier expressly acknowledges and agrees to the terms set forth in this Purchase Order and any associated terms and conditions.
- C. **ASN Requirement.** If this Purchase Order requires an Advance Shipment Notification (**“ASN”**), Suppliers that are enabled in the Honeywell Supplier Portal must submit the ASN in accordance with the specified timelines and formats outlined in Honeywell's supplier onboarding documentation available on the [Supplier Information Portal](#). Failure to comply with the ASN submission requirement for orders where it is mandated may result in delays in the payment processes. Additionally, Supplier's lack of compliance or failure to submit an ASN as required may negatively impact Supplier's performance metrics, which are reviewed in Honeywell's ongoing supplier evaluations and future contract awarding decisions. Honeywell is not liable for any financial or operational impacts arising from such supplier-caused delays. It is imperative for Supplier to adhere to ASN submission requirements to ensure uninterrupted supply chain operations and timely financial transactions. Non-compliance with these requirements not only impacts immediate financial transactions but also influences Supplier's long-term relationship and standing with Honeywell.
- D. These terms and conditions together with the specifications, drawings, or other documents referred to on the face of this Purchase Order, or attached, or any documents incorporated by reference, supersede any prior or contemporaneous communications, representations, promises, or negotiations, whether oral or written, respecting the subject matter of this Purchase Order. All contract documents related to this Purchase Order are interpreted together as one agreement, but if there is an irreconcilable conflict among the provisions of those contract documents, the following order of precedence applies: a) any document executed by both Parties after execution of this Purchase Order that is expressly intended to amend or supersede the terms of this Purchase Order; b) contract documents signed by both Parties; c) the face of this Purchase Order and any supplemental terms included or incorporated by reference; then d) these general Purchase Order provisions. The exhibits, schedules and other documents to this Purchase Order are incorporated by reference. This Purchase Order and any previously executed non-disclosure agreement (the obligations of which remain in effect) contains the entire agreement between the Parties and supersedes and replaces any prior or inconsistent agreements, negotiations, representations or promises, written or oral, between the Parties respecting the subject matter of this Purchase Order. Neither Party has relied on any promises, inducements, or representations by the other, except those expressly stated in this Purchase Order. No modification of this Purchase Order will be binding on either Party unless set forth in a writing signed by an authorized representative of both Parties specifically stating it is amending this Purchase Order. No course of dealing, prior dealings, usage of trade or course of performance will be used to modify, supplement or explain any terms used in this Purchase Order.

3. ON TIME TO REQUEST (OTTR) / ON TIME TO FIRST PROMISE (OTFP) METRICS

- A. Supplier agrees to deliver Goods on time to Honeywell request. The standard OTTR/OTFP performance rate for this Purchase Order is 100% (**“Standard OTTR/OTFP Rate”**).
- B. Honeywell will calculate Supplier's achieved OTTR/OTFP performance rate monthly and post the result to Supplier's scorecard available at Honeywell's designated supplier portal. Honeywell will calculate Supplier's achieved OTTR/OTFP performance rate monthly in accordance with the following formula:

The number of Purchase Order line items with Purchase Order request dates due within the same month that are delivered On Time (as defined below) and

complete, divided by the total number of Purchase Order line items due in the same month.

P.O. line items with P.O. request dates due within the same month, delivered On Time and complete
/ (DIVIDED BY)

Total number of P.O. line items due in the same month

For purposes of this Purchase Order, a Good is delivered "On Time" when at Honeywell's designated address (i) on the date specified in the applicable Purchase Order, or (ii) no more than 3 days prior to such date for intra-country shipments, or (iii) no more than 6 days prior to such date for international shipments, unless with respect to early shipments under (ii) or (iii), Honeywell has approved earlier shipments in writing.

- C. If the Standard OTTR/OTFP Rate is not achieved for two (2) consecutive quarters, then at Honeywell's option and written direction, Supplier will implement all Goods selected by Honeywell into a replenishment solution pursuant to this Purchase Order.
- D. If Supplier fails to achieve the Standard OTTR/OTFP Rate in any given month, Supplier will pay to Honeywell Liquidated Damages, as defined below in the clause entitled "Liquidated Damages," in the form of a 10% rebate of the aggregate invoice price of all Goods delivered untimely to Honeywell pursuant to this Purchase Order during such month.
- E. After the end of each calendar quarter, Honeywell will calculate the aggregate rebates owed by Supplier to Honeywell for the months comprising such calendar quarter, if any, and send to Supplier a demand for payment of a rebate ("**Rebate Notice**"). Supplier will pay the rebate to Honeywell within 30 days after Supplier's receipt of the Rebate Notice or Honeywell may set-off the rebate from payments owing from Honeywell to Supplier.

4. PARTS PER MILLION (PPM) PERFORMANCE METRICS

- A. Honeywell will calculate Supplier's achieved PPM performance metrics ("**Achieved PPM**") monthly and post the results to Supplier's scorecard. Honeywell will calculate Supplier's Achieved PPM by dividing the number of rejected Goods delivered to Honeywell's designated address or presented for inspection during a calendar month by the total number of Goods delivered to Honeywell under this Purchase Order during the same month, and multiplying this quotient by 1,000,000.
- B. Supplier agrees to deliver compliant defect-free Goods to Honeywell and/or its designees and customers. If Supplier fails to meet the 3-month moving average Achieved PPM of 500 in any given month, Supplier will pay to Honeywell Liquidated Damages, as defined in the "Liquidated Damages" clause. The amount will be 10% of the aggregate invoice price of all non-conforming Goods delivered to Honeywell pursuant to this Purchase Order during such month.
- C. After the end of each calendar quarter, Honeywell will calculate the aggregate owed to Honeywell for the months comprising such calendar quarter, if any, and send a Rebate Notice to Supplier. Supplier will pay the rebate amount in its entirety to Honeywell within 30 days after Supplier's receipt of the Rebate Notice or Honeywell may set-off the rebate amount from payments owing from Honeywell to Supplier.

5. LIQUIDATED DAMAGES

- A. Time is of the Essence. Time is of the essence in the performance of this Purchase Order. Additionally, quality is essential and material to Honeywell under this Purchase Order, and Honeywell would not have entered into this Purchase Order but for its quality and timeliness stipulations. Accordingly, the Parties agree that Supplier will pay to Honeywell the specified Liquidated Damages amount(s) stated in the Rebate Notice for Supplier's breach of OTTR or PPM requirements.

- B. Not a Penalty. Supplier acknowledges that certain Honeywell damages for Supplier's noncompliant OTTR or PPM performance would be impossible or very difficult to ascertain. Liquidated Damages are compensation, and not a penalty, for the specified breach. Supplier also acknowledges that any notice and cure provisions for other breaches of this Purchase Order do not apply to the breach covered by the Liquidated Damages requirements.

- C. Corrective Actions. In addition to paying Liquidated Damages or rebates to Honeywell, if Supplier fails to meet any timeliness or quality requirements in this Purchase Order, Supplier will:

- 1) investigate and assemble pertinent information with respect to, and report on the root causes of, the problem,
- 2) advise Honeywell of the status of remedial efforts being undertaken with respect to such problem,
- 3) minimize the impact of and correct the problem and begin meeting the applicable timeliness and/or quality requirements, and
- 4) take appropriate preventive measures so that the problem does not recur.

6. QUALITY AND DELIVERY REQUIREMENTS

- A. Without limiting Honeywell's other rights and remedies under this Purchase Order, at law, or in equity, if Supplier fails to meet any of the agreed quality or delivery requirements under this Purchase Order (in addition to the liquidated damages set forth in the Liquidated Damages and Parts per Million (PPM) Performance Metrics Sections), Honeywell has the right to recover the following from Supplier:
- B. All direct costs and expenses incurred by Honeywell in connection with Supplier's failure to meet its agreed contractual quality and delivery requirements; and all costs and damages paid by Honeywell as a result of Supplier's late or defective delivery of the Goods, including any costs paid to any Honeywell customer or another supplier or sub-supplier, as damages or cover costs incurred by Honeywell in buying replacement Goods.
- C. In addition, Honeywell reserves the right to (1) instruct Supplier to send Goods by other means of transportation and/or to a destination other than the one specified in this Purchase Order at Supplier's expense if Honeywell has rejected the Goods and elected to require delivery of replacement Goods in accordance with the Inspection provision and; (2) to invoice the above costs and damages, which will be paid by Supplier within 30 days following the date of the invoice.
- D. To the extent applicable, Supplier will (a) comply with the quality system and quality assurance procedures set forth in the Quality Manual made available to Supplier, and (b) participate in and accept the terms of Honeywell's Cost of Poor Performance Program. At all times during the subsistence of this Purchase Order, Supplier will perform all tests or checks required by the specifications and the Honeywell's Quality Manual. Supplier acknowledges and agrees that the price for the Product will include all costs and expenses associated with such tests and checks.
- E. If this Purchase Order is for the procurement of castings and forging Goods, for the purposes of this Purchase Order, a Latent Defect is defined as a defect or a non-conforming anomaly within the Goods rendering the Goods unusable (i.e. Good that does not conform to Honeywell technical drawings or Specification) that cannot be detected at the Supplier's facility using the Honeywell-approved inspection criteria, yet is discovered at a Honeywell facility, Honeywell supplier facility, or Honeywell customer facility during any subsequent manufacturing or inspection process; or is discovered as a result of Goods failure in the field.

7. OTHER CONTRACTUAL REQUIREMENTS

- A. Without limiting Honeywell's other rights and remedies under this Purchase Order, at law, or in equity, if Supplier fails to meet any requirements under this Purchase Order, then Honeywell has the right to recover the following from Supplier:
- 1) All internal costs and expenses incurred by Honeywell and all costs and damages due to any Honeywell customer arising in connection with Supplier's failure to meet its contractual requirements, and
 - 2) In addition, Honeywell reserves the right to (a) instruct Supplier to send Goods by other means of transportation and/or to a destination other than the one specified in the Purchase Order, at Supplier's expense if Honeywell has rejected the Goods and elected to require delivery of replacement Goods in accordance with the Inspection provision, and; (b) to invoice the above costs and damages, which will be paid by Supplier within 30 days following the date of the invoice.
- B. For purposes of this Purchase Order, a **"Latent Defect"** is defined as a defect or a non-conforming anomaly within the Goods rendering the Goods unusable (i.e. Goods that do not conform to Honeywell technical drawings or Specifications) that cannot be detected at Supplier's facility using the Honeywell-approved inspection criteria, yet is discovered at a Honeywell facility, Honeywell supplier's facility, or Honeywell customer facility during any subsequent manufacturing or inspection process; or is discovered as a result of any Goods failure in the field. For any single Goods listed in this Purchase Order or Purchase Order that is produced in Casting Lots (defined below) and notwithstanding any language to the contrary in this Purchase Order with respect to Supplier liability for Latent Defects, if a single Shipment Lot (defined below) has a defect rate 50% higher than the 12-month moving average for the Good, it will be assumed that an "out-of-control" variation in Supplier's production processes caused the spike in non-conformities for the Shipment Lot and Supplier will be liable for the Latent Defects of the Goods in that particular Shipment Lot in accordance with the terms of the Warranty provision. Any "out-of-control" Shipment Lot defect rate will not be used for subsequent calculation of the 12-month moving average. For new Goods that do not have a 12-month production history, the 12-month moving average baseline will be determined from historical part families until such time that sufficient data exists to calculate an actual defect rate for the Goods. If the 12-month moving average defect rate reaches 6% for two (2) consecutive calendar quarters, the Parties will meet to determine the root cause of the higher defect rate. During this process, each Party will provide the necessary resources to complete the investigation in a reasonable timeframe and each Party will absorb its own costs associated with the investigation. Once the root cause of the issue has been determined, the Parties will meet to discuss and agree upon scheduled actions to be implemented to reduce the defect rate to 3% or less.
- C. In this subsection, **"Casting Lot"** means Goods that are (cumulatively) of the same part number, same master hearth, same material, same furnace melt by the same operator within a 24-hr period, and **"Shipment Lot"** means all Goods from one Casting Lot shipped to Honeywell in one shipment.

8. SUPPLIER RESILIENCE PROGRAM

Supplier will maintain a resilience program supporting the products or services provided to Honeywell that includes, at a minimum: (a) proper coordination of its organization's response to a crisis in order to avoid or minimize damage to its profitability, reputation and ability to operate (**"Crisis Management"**); (b) documented procedures on responding, recovering, resuming, and restoring its operations in order to continue delivery of Products and services (**"Business Continuity"**); (c) sufficient resources and capacity to re-establish information technology services at an alternative site following a disruption of such services (**"Technology Resilience/Disaster Recovery"**), and (d) continued evaluation of its own sub-tier

suppliers' resilience capabilities (**"Third-Party Resilience"**). Supplier will annually review and test all components of its resilience program, including conducting analyses of potential business and application impacts. In the event of an actual or impending business interruption, technology failure and/or crisis event (including any event that constitutes a force majeure event under the Force Majeure Section), Supplier will implement all necessary Business Continuity, Crisis Management and/or Technology Resilience/Disaster Recovery plans and within 24 hours notify its Honeywell focal and the Honeywell Global Security Operations Center (GSOC@Honeywell.com / 1-888-891-6138). In the event of such a disaster, Supplier will not increase any fees charged under this Purchase Order. Honeywell reserves the right to audit Supplier's compliance with the requirements of this section.

9. DELIVERY, SHIPMENT AND PACKAGING

- A. Supplier will deliver Goods in the quantities and on the date(s) specified on the Purchase Order or Purchase Order schedule releases. If delivery dates are not stated, Supplier will offer its best delivery date(s), which will be subject to Honeywell's acceptance. Unless otherwise directed, all Goods shipped in one day from and to a single location must be consolidated on one bill of lading or air waybill.
- B. All containers will be properly marked for identification as instructed by Honeywell, and will contain a packing slip that details, at a minimum, (1) the Honeywell Purchase Order number(s), (2) part number, (3) detailed description, (4) total number of boxes in the shipment, (5) quantity shipped, and (6) final delivery address. Goods shipped in advance of Honeywell's delivery schedule may be returned and Supplier will be responsible for all costs associated with advance delivery. For all international shipments, and for domestic shipments only if requested by Honeywell, Supplier will notify Honeywell in writing when the Goods are delivered to a carrier for transportation. The Purchase Order number(s) must appear on all correspondence, shipping labels, and shipping documents, including all packing sheets, bills of lading and air waybills.
- C. If the delivery schedule is jeopardized for any reason other than Honeywell's fault, then Supplier will, at its expense, deliver Goods by the most expeditious shipping method. Honeywell reserves the right to reject, at no expense to Honeywell, all or any part of any delivery that varies from the quantity Honeywell authorized for shipment. Honeywell reserves the right to pursue additional remedies caused by late delivery, including but not limited to: (i) incremental freight expenses incurred by Honeywell for shipments of Goods to Honeywell and for shipments of Goods or finished product containing or incorporating the Goods from Honeywell to any customer of Honeywell; and (ii) all liquidated damages payable by Honeywell as a result of any such late delivery. Supplier will not make any substitutions without Honeywell's prior written approval. All Goods will be packaged according to Honeywell's instructions or, if none, according to good commercial practice in a manner sufficient to ensure receipt in an undamaged condition. Honeywell will not be liable for any discharge, spill or other environmental incident (including clean-up costs) involving any Goods shipped by or on behalf of Supplier.
- D. All Goods, unless specifically exempted by the destination country's governing authorities, must be marked with the country of origin (manufacture) of the Goods in a conspicuous place as legibly, indelibly, and permanently as the nature of the article or container permits. Country of origin will be determined in accordance with the laws and regulations of the importing country.
- E. Supplier will provide Honeywell all documents, records, and other supporting information necessary to substantiate the Goods' qualification under various free trade agreements (FTA), such as, to the extent applicable, EUR 1, EUR 2, EUR-MED or invoice declarations. Supplier will also exert reasonable efforts to qualify the Goods under FTAs and provide certificates, any other documents or information Honeywell may require to comply with applicable laws and regulations, including Harmonized Tariff Schedule number, country of origin

information or certificates, manufacturer's affidavits, etc., and to lawfully minimize duties, taxes and other fees.

- F. In the event the commercial invoice (packing sheet) includes charges and/or fees in addition to the price of the Goods, the charges must be separately identified and itemized.
- G. To comply with Section 232 tariff regulations, all invoices must include a declaration stating: Part Number, HTS Code, whether the product contains steel, aluminum, copper, or derivatives, the primary country of smelt, finished part price, value of St/Al/Cu, and part weight in kilograms. If none are present, the declaration shall state: NO STEEL, ALUMINUM, OR COPPER.
- H. Within one business day after Supplier delivers the Goods to the carrier, Supplier will send Honeywell a complete set of shipping documents including the commercial invoice, packing list, and air waybill, or three original parts of the combined through-bill of lading, clean without notation, necessary to release the Goods to Honeywell's custody.

10. NOTICE OF DELAY

When anything (except a Force Majeure event) delays, threatens to delay, or permanently delays the timely performance of this Purchase Order, Supplier must immediately provide notice to Honeywell in writing of all relevant information with respect to such delay, including but not limited to the reasons for the potential delay and Supplier's short-term and long-term mitigation actions to avoid any supply disruption. In the event there is a shortage of Goods for any reason, Supplier will grant Honeywell first priority for manufacturing of the Goods, shipments and any available Goods.

11. EXCUSABLE DELAY (FORCE MAJEURE)

Neither Party will be in default for any delay or failure to perform due to causes beyond its control and without its fault or negligence and which are unforeseeable, but any delay or failure to perform caused by the default of a sub tier supplier of Supplier (even if Honeywell directs Supplier to purchase components from Honeywell Affiliates, subsidiaries, business units, divisions, or third party suppliers) will be excused only if (a) it is beyond the control of both Supplier and its sub-tier supplier(s) and without the fault or negligence of any of them, and (b) the Goods to be furnished cannot be obtained from other sources in sufficient time to permit Supplier to meet the delivery schedule. Supplier's ability to sell Goods at a more advantageous price, Supplier's economic hardship in buying materials or processing necessary for manufacture of the Goods, or labor disputes will not constitute an excusable delay event. The Party affected by an excusable delay will promptly provide written notice to the other, explaining in detail the full particulars and expected duration of the excusable delay, and will use its best efforts to mitigate the effects of the delay and remedy the delay if it can be remedied. If Supplier's delivery is delayed, Honeywell may, at Honeywell's sole option, cancel deliveries scheduled during the excusable delay period or elect to extend the period of performance to cover the period of delay caused by the excusable delay. If an excusable delay occurs that affects delivery of Goods to Honeywell, Supplier will allocate its available supply of Goods in a manner that assures Honeywell of at least the same proportion of Supplier's total output of Goods as was allocated to Honeywell before the excusable delay event. If delivery of any Goods is delayed for more than 30 days, Honeywell may, without liability, cancel all or any part of this Purchase Order.

12. PERFORMANCE ASSURANCE PLAN

If Honeywell, in its sole discretion, determines there is a significant risk that Supplier will fail, or that Supplier has failed, to meet, its performance or delivery obligations under this Purchase Order, then Honeywell may require Supplier to perform under a Honeywell or Honeywell-approved Performance Assurance Plan. The Performance Assurance Plan may include specific reporting and performance requirements reasonably tailored to ensure or measure Supplier's adequate performance under identified provisions of this Purchase Order. Any failure by Supplier to satisfy the terms of the Performance Assurance Plan is a material breach. Additionally, Honeywell has the right to intervene in the management of this Purchase Order. Such intervention will

be in the form of management assistance, and loan or lease of manpower and/or equipment to Supplier or sub-tier suppliers, as deemed appropriate by Honeywell. Supplier must provide Honeywell with access to the facilities, engineers, employees, and sub-tier suppliers. This intervention may continue until Supplier's performance or delivery is at a level acceptable to Honeywell and, in Honeywell's reasonable judgment, Supplier is able to maintain a satisfactory level of performance or delivery. The Performance Assurance Plan or intervention will not relieve Supplier of its obligations under this Purchase Order. Supplier is liable for all work, costs and expenses Honeywell incurs or sustains by providing resources to assist Supplier in meeting its performance obligations under this Purchase Order. Honeywell will have the right to seek recovery of all costs on a monthly basis. Supplier will pay Honeywell's costs within 30 days after receipt of invoice or Honeywell may setoff the costs from payments owing from Honeywell to Supplier.

13. SHIPPING TERMS, TITLE AND RISK OF LOSS

- A. Except as provided for in any replenishment solution or consignment stock provisions, where title and risk of loss and damage pass from Supplier to Honeywell upon release of the Goods from consignment stock or inventory, title and risk of loss and damage pass to Honeywell in accordance with the terms in this provision.
- B. Supplier will deliver the Goods and Deliverables DAP Honeywell's designated location (Incoterms 2020). Notwithstanding the DAP terms, if the Goods or Deliverables will be transported from Supplier's location in the U.S. to Honeywell's designated ship-to location in the U.S., the shipping terms are FOB (UCC terms) Honeywell's designated ship-to location (FOB destination). For the avoidance of doubt, Honeywell may direct Supplier to ship the Goods or Deliverables to Honeywell or to any third party designated by Honeywell.
- C. Title to Goods and Deliverables transfers to Honeywell upon receipt of the Goods or Deliverables at the Honeywell designated ship-to location.
- D. Notwithstanding other terms in this "Shipping Terms, Title and Risk of Loss" provision, Supplier will compensate Honeywell for return shipment (including shipping costs, and duties, taxes, and tariffs, if applicable) between Honeywell and Supplier if Supplier (a) delivers Goods or Deliverables that vary from the quantity authorized by Honeywell for shipment, (b) delivers Nonconforming Goods or Deliverables, as defined in the Warranty provision, or (c) delivers Goods or Deliverables late. Any return shipments will be FCA Honeywell's location, and title to returned Goods transfers from Honeywell to Supplier upon shipment.
- E. The foregoing terms in this provision do not relieve Supplier of any responsibility for hidden damages discovered after acceptance of the Goods.
- F. Supplier and Honeywell Logistics third party compliance. In all cases where Honeywell has the responsibility of the logistics of the finish goods from Supplier premises (warehouse, manufacturing site or other) to Honeywell desired destination, the finished goods are to be moved exclusively with the logistics third party of Honeywell's choice. If an exception must be considered, Supplier will not use their own logistics third party to move the finished goods without Honeywell's written approval considering a minimum of 72 hours' notice. If Supplier wants to change Incoterms established, Supplier must conduct appropriate negotiation with Honeywell's commercial contact of the respective SBG or business unit. If Supplier uses their own logistics third party without Honeywell's acceptance, then a 2% fee will apply to the total amount of the shipment(s) done that are not compliant with this clause.

14. DRAWBACK

All drawback of duties, and rights thereto, related to duties paid by Supplier, sub-tier supplier, or Honeywell when Goods or any materials or components used in manufacturing the Goods that are imported will accrue to the exclusive benefit of Honeywell. Supplier will provide Honeywell or any approved third party with all documents, records, and other supporting information necessary to obtain any duty

drawback and will reasonably cooperate with Honeywell in support of any drawback claim and respond to custom authorities' inquiries.

15. OFFSET

If Supplier is or becomes a non-U.S. entity, Supplier will provide Honeywell any necessary documentation required to obtain offset credit from Supplier's government for the value of relevant Goods purchased to meet any present or future contractual offer or industrial benefit requirements imposed upon Honeywell or its subsidiaries or Affiliates. Necessary documentation includes, but is not limited to, providing upon Honeywell's request complete and valid evidence of the existence, value, content, and other pertinent information related to the purchases as required by in-country regulations. Honeywell reserves the right to claim these credits for itself or third parties. If Supplier is a U.S. entity who awards a portion of the work under this Purchase Order, Supplier will assign to Honeywell any credits obtained from the non-U.S. sub-tier supplier's government relating to this transaction and assist Honeywell in obtaining any offset or industrial participation credits.

16. HONEYWELL-SUPPLIED MATERIALS, TOOLING, EQUIPMENT AND TECHNICAL DATA

- A. Title to any material, tooling, equipment, and technical data that Honeywell pays for or provides to Supplier ("Honeywell Property") will remain or vest with Honeywell. Supplier will conspicuously label Honeywell Property as Honeywell Property, maintain it in good condition, keep written records of the Honeywell Property in its possession including the location of the property, will not allow any liens to be placed upon it, will not abandon Honeywell Property, prohibit any third party from using or taking possession of Honeywell Property and not change its location without prior written approval from Honeywell. Supplier is responsible for inspecting and determining that the Honeywell Property is in useable and acceptable condition.
- B. Supplier will use Honeywell Property exclusively to fulfill Honeywell Purchase Orders unless otherwise authorized in writing by Honeywell's procurement representative. Honeywell Property is intended for use at the Supplier's site only or as otherwise authorized in writing by Honeywell's procurement representative and, to the extent applicable, is subject to U.S. and other government export or re-export requirements. Supplier is responsible for any loss, damage, or destruction of Honeywell Property and any loss, damage, or destruction of any third-party property or personal injuries resulting from Supplier's negligent use of Honeywell Property. Supplier will not include the cost of any insurance for Honeywell Property in the prices charged under this Purchase Order. Supplier will return Honeywell Property or dispose of it at Honeywell's sole option as it directs in writing. Honeywell makes no representations and disclaims all warranties (express or implied) with respect to Honeywell Property.

17. PRICE

Supplier will furnish the Goods at the prices stated on the face of this Purchase Order. If prices are not stated on the face of this Purchase Order, Supplier will offer its lowest prices subject to written acceptance by Honeywell. Unless otherwise provided on the face of this Purchase Order, the prices include all packaging and freight to the specified delivery point; applicable taxes and other government charges including, but not limited to, all sales, use, or excise taxes; and all customs duties, fees, or charges that must be separately itemized on all Supplier invoices. To the extent that value added tax (or any equivalent tax) is properly chargeable on the supply to Honeywell of any Goods, Honeywell will pay the tax as an addition to payments otherwise due Supplier under this Purchase Order, if Supplier provides to Honeywell a value-added tax (or equivalent tax) invoice. To the extent Honeywell has not received from Supplier all applicable forms regarding compliance with applicable tax law, Honeywell reserves the right to deduct from any payment to Supplier pursuant to this Purchase Order those amounts that Honeywell, in its sole discretion, deems to be required to be withheld in order to comply with the tax laws of any applicable jurisdiction. Purchase Order prices are firm and not

subject to adjustment due to duties, tariffs, and custom fees imposed by any government entity.

18. MOST FAVORED CUSTOMER AND MEET OR RELEASE

To the extent that Honeywell has provided Supplier with permission, or Supplier is otherwise entitled to sell Goods to a third-party, Supplier warrants that the prices charged for the Goods delivered are the lowest prices charged by Supplier to any of its external customers or Honeywell, its affiliates or subsidiaries for similar Goods. If Supplier charges a lower price for similar Goods, Supplier must notify Honeywell in writing and apply that lower price to all Goods ordered under this Purchase Order. If at any time before full performance of this Purchase Order, Honeywell notifies Supplier in writing that Honeywell has received a written offer from another supplier for similar product at a price lower than the price set forth in this Purchase Order, Supplier must immediately meet the lower price for any undelivered Goods. If Supplier fails to meet the lower price, Honeywell, at its option, may terminate this Purchase Order, in part or in whole, without liability. Supplier will promptly respond to Honeywell's request to amend this Purchase Order to reflect the reduced pricing, including any applicable retroactive price adjustments.

19. INVOICING AND PAYMENT

After each shipment made or Service provided, Supplier will submit an invoice to the Honeywell Supplier Portal listing a description of the Goods provided and, as applicable, part numbers, quantity, unit of measure, hours, and the unit and total prices. All invoices must be submitted through the Honeywell Supplier Portal and must comply with the invoicing guidelines available on the Supplier Portal. Supplier must provide invoices no later than 90 days after provision of Goods to Honeywell otherwise Supplier waives its right to payment. This invoice must match the corresponding Purchase Order pricing, quantities, and terms, and must be sent to the bill to address listed on this Purchase Order. All applicable taxes and other Government charges including, but not limited to, sales, use, or excise taxes; value added tax, customs duties, fees, and all incidental charges including but not limited to royalties, selling commissions, nonrecurring engineering, or other incidental charges must be separately itemized and identified on the invoice. The invoice must be in a format readable by Optical Character Recognition (OCR) technology, which requires original or genuine PDF with recognizable text. The invoice must also include the following information in English, or in the destination country's official language if required: (a) name and address of Supplier and the Honeywell entity purchasing the Goods; (b) name of shipper (if different from Supplier); (c) Honeywell's Purchase Order number(s); (d) country of export; (e) detailed description of the Goods; (f) Harmonized Tariff Schedule number; (g) country of origin (manufacture) of the Goods, or if multiple countries of origin, the country of origin of each part shipped; (h) weights of the Goods shipped; (i) currency in which the sale was made; (j) payment terms; (k) shipment terms used; and (l) all rebates or discounts. If an invoice does not comply with the above requirements, is exhausted (out of funds or paid in full), is submitted in a non-machine-readable format, or contains quantities or prices greater than the ones reflected on this Purchase Order, the invoice will be rejected and sent back to Supplier. The invoice will be accompanied (if applicable) by a signed bill of lading or express receipt evidencing shipment. Payment of an invoice does not constitute acceptance of the Goods and is subject to appropriate adjustment should Supplier fail to meet the requirements of this Purchase Order. Purchase Orders, Purchase Order changes, and Purchase Order-related information will be transmitted via the Honeywell Supplier Portal. Supplier will acknowledge Purchase Orders and Purchase Order changes via the Supplier Portal with confirmation of Honeywell's Purchase Order date or Supplier's commitment date (as applicable) within 72 hours following issuance of the Purchase Orders or Purchase Order changes. Payment terms are net 180 days from invoice date and presumes receipt of a correct invoice and conforming Goods unless otherwise stated on the face of this Purchase Order or other written agreement executed by both Parties; provided, however, that in the event that applicable law requires a payment terms period of shorter duration, payment terms will be the maximum period allowed by applicable law. Invoices will not be approved unless they accurately reference conforming Goods received by Honeywell or services satisfactorily performed for Honeywell, as well as a valid Purchase Order number, supplier name and address, line description, quantity at

line level, price at line level, withholding rates and/or amounts for applicable taxes. Payment will be scheduled for the first payment cycle following the net terms for this Purchase Order. Click on the [AP Help Desk](#) link and you will find the "First Time Right Invoice Submission Guide" here: <https://apsupplierportal.honeywell.com/>.

20. INVOICING THROUGH HONEYWELL SUPPLIER PORTAL

Any Supplier that has been onboarded and has accepted their trading relationship request electronically via the Honeywell Supplier Portal ("**Onboarded Supplier**") is required to issue all invoices exclusively through the Honeywell Supplier Portal per country rules where eInvoice is allowed.

- A. Onboarded Suppliers who fail to issue invoices through the Honeywell Supplier Portal may face delays in payment processing or non-payment for the goods and/or services provided.
- B. This clause does not absolve the Onboarded Supplier from adhering to any other invoicing requirements or conditions as stipulated in this Purchase Order or other relevant agreements between the parties.
- C. Exception. Any deviation from this invoicing method must be expressly agreed upon in writing by both parties and will be an exception to this clause.

21. SETOFF

Honeywell has the right to deduct any amount it determines is owing from Supplier to Honeywell as a setoff against any amount owing from Honeywell to Supplier and/or to exercise the right of recoupment, to the full extent permitted by applicable law. Nothing in this provision precludes Supplier or Honeywell from utilizing the dispute resolution procedures identified elsewhere in this Purchase Order.

22. INSPECTION

- A. All Goods may be inspected and tested by Honeywell, its customers, higher-tier contractors, and end users at all reasonable times and places. If inspection or testing is made on Supplier's premises, Supplier will provide, without charge, all reasonable facilities and assistance required for the inspection and tests. Supplier's standard inspection and testing system must be approved by Honeywell in writing. All inspection and testing records, including sub-tier supplier records relating to the Goods, will be maintained by Supplier and made available to Honeywell during the performance of this Purchase Order, and for such longer periods if specified by Honeywell.
- B. Final inspection and acceptance by Honeywell will be at destination unless otherwise specified in this Purchase Order. Honeywell may inspect all or a sample of Goods and may reject all or any portion of the Goods within 90 days of delivery if Honeywell determines the Goods to be defective or nonconforming. If Honeywell performs any inspection (other than the standard inspection) after discovering defective or nonconforming Goods, any additional inspection costs will be paid by Supplier. No inspection, tests, approval, design approval, or acceptance of the Goods relieves Supplier from responsibility for warranty or any defects, (latent or otherwise) fraud, or negligence. If Goods are defective or nonconforming, Honeywell may, by written notice to Supplier; a) rescind this Purchase Order as to the Goods; b) accept the Goods at an equitable reduction in price; or c) reject the Goods and require the delivery of replacements. Delivery of replacements will be accompanied by a written notice specifying that the Goods are replacements. If Supplier fails to deliver replacements promptly, Honeywell may (1) correct any retained defective or nonconforming Goods at Supplier's expense; (2) replace them with Goods from another supplier and charge the Supplier the cost thereof, including cover, and any incidental costs; or (3) terminate this Purchase Order for cause.

23. INDUSTRY CERTIFICATIONS

The Goods will be listed with applicable international industrial standards association and it will be the responsibility of Supplier to maintain and keep valid such certifications during the validity of this Purchase Order. Supplier will not release any Goods for

shipment that does not conform to the quality manual. The Parties wish to further define the individual responsibilities as to the quality aspects of manufacturing and acceptability of Goods to ensure compliance with applicable Good Manufacturing Practices (GMPs), the marketing authorization of the Goods, applicable regulatory requirements, and Honeywell's requirements as specified by Honeywell, in accordance with the terms and conditions of this Agreement.

Prior to shipment, Supplier will test all Products in accordance with mutually agreed testing, measurement and inspection procedures. Honeywell, and its customers, may from time to time attend Supplier's facility to observe or participate in such testing. All Supplier Product test and inspection records will be available to Honeywell at any time during the Term of Purchase Order and for 2 years thereafter upon Honeywell's request.

If the Products are listed with or it becomes necessary, in Honeywell's sole opinion, to list/certify the Products with any international industrial standards association, Supplier will, at its sole cost, take such actions as are necessary to maintain/obtain such listing/certification at all times. If Supplier fails to pass any audit by such standards association, then Supplier will pay for the re-audit by the applicable standards association. Such re-audit will occur as soon as possible. Supplier is liable for any damages incurred by Honeywell as a result of Supplier's failure to pass such audit and any re-audit. If any materials or component parts that comprise a listed/certified Product are, for any reason, not available and must be replaced by an alternative material or component part, Supplier will pay for any costs related to relisting/recertifying such Product. Such relisting/recertifying will occur as soon as possible. Supplier is liable for any damages incurred by Honeywell as a result of Supplier's delay in obtaining such relisting/recertification. Supplier will provide Honeywell with at least 90 days written notice prior to the termination of any Product listing/certification.

24. RECALL

Supplier is liable for all costs or damages associated with any voluntary or involuntary recall of defective or potentially defective Goods or any products containing or incorporating such defective or potentially defective Goods. Supplier will be solely responsible for administering any recall or will fully participate in the administration of any recall conducted by Honeywell or its customer in relation to Supplier's defective or potentially defective Goods as Honeywell may so direct. Each Party will cooperate in making available records and other information reasonably required by the other Party in connection with any recall. Supplier agrees to promptly provide Honeywell with any and all safety bulletins, field service action notices, and any other quality or safety correspondence (including cyber security threats) that it or any of its customers have received.

25. WARRANTY

Unless otherwise set forth in an agreement between Honeywell and the Supplier to which these Purchase Order terms are attached, the Supplier warrants to Honeywell, its successors, assigns, customers, and end users that, during the entire Warranty Period specified below, all Goods furnished (including all replacement or corrected Goods or components): will be free from defects in material, workmanship, and design, even if the design has been approved by Honeywell; will conform to applicable drawings, designs, quality control plans, specifications and samples and other descriptions furnished or specified by Honeywell; will be merchantable; be fit for the intended purposes and operate as intended; will comply with all laws; will be free and clear of any and all liens or other encumbrances; will not infringe any patent, published patent application, or other intellectual property rights of any third party; and will not utilize misappropriated third party trade secret information. Goods that do not meet the preceding standards are collectively called "**Nonconforming Goods**." Services will be performed in accordance with the highest standards in the industry.

The Warranty Period is thirty-six (36) months from the date of delivery to the end user or such longer period of time as may have been accepted by Honeywell from Honeywell's customer or on which any longer government requirement covering the Goods ends. These warranties survive delivery, inspection, acceptance, and payment by Honeywell. Claims for breach of warranty do not accrue until discovery of

nonconforming Goods, even if the Goods were previously inspected. Any applicable statute of limitations runs from the date of discovery. Honeywell may, at its election, have the nonconforming Goods repaired, replaced, or corrected at Supplier's expense. Supplier is responsible for the costs of repairing, replacing, or correcting nonconforming Goods, and for all related costs, expenses, and damages including, without limitation, the costs of removal, disassembly, failure analysis, fault isolation, reinstallation, re-inspection, and retrofit of the nonconforming Goods or of Honeywell's affected end-product; all freight charges; all customer charges; and all corrective action costs. Unless set off by Honeywell, Supplier will reimburse Honeywell for all these costs upon receipt of Honeywell's invoice. The warranties and rights provided are cumulative and in addition to any warranty provided by law or equity.

If, following delivery, Goods exhibit a substantially similar repetitive root cause, failure mode, or defect indicating a common or systemic failure ("**Systemic Failure**"), then: (a) the party discovering the failure will promptly notify the other and Supplier will provide to Honeywell a preliminary plan for problem diagnosis within one business day of such notification, which plan Supplier will revise at Honeywell's request; (b) Supplier and Honeywell will diagnose the problem, plan an initial work-around and effect a permanent solution; (c) Supplier and Honeywell will agree on a plan for customer notification, replacement scheduling and remediation, including identification of suspect population, field removal, return and reinstallation, work in process ("**WIP**"), inventory replacement, and repair, or retrofitting, regardless of location or status of WIP completion; and (d) Supplier is responsible for all costs and damages associated with any Systemic Failure. Honeywell and Supplier will work together in good faith to establish and expeditiously implement a Systemic Failure action plan. If Supplier or any of its component suppliers initiate any Product or component recalls, retrofits, or service bulletins that affect Product quality, Supplier will immediately communicate this information to Honeywell.

No part of any software, deliverables, or Goods delivered by Supplier under this Purchase Order will contain any software or component licensed or obtained under any Open Source licensing program. "**Open Source**" means any software or other material that is distributed as "free software," "open source software," or under a similar licensing or distribution model (including but not limited to the GNU General Public License (GPL), GNU Lesser General Public License (LGPL), Mozilla Public License (MPL), and the Apache License). If Supplier uses Open Source in any software, deliverable, or Goods, Supplier must first seek written approval from Honeywell and, if approved, Supplier must identify each Open Source item along with the applicable license terms. For any such approved Open Source, Supplier represents that (a) Supplier is in compliance with the terms and conditions of all applicable licenses for Open Source, and (b) Honeywell's use of such Open Source (i) will not adversely impact Honeywell's proprietary software, (ii) will not require Honeywell to make available the source code for any Honeywell proprietary software, and (iii) will not prohibit or limit Honeywell from charging a fee in connection with sublicensing or distributing the software.

Goods covered by this Purchase Order will comply with all applicable treaties, laws, regulations of the place of manufacture and Canadian, European Union and U.S. state and federal laws, regulations and standards, (a) concerning the importation, sale, design, manufacture, packaging and labeling of its Goods, (b) regulating the sale of Goods, and (c) relating to the environment and/or the toxic or hazardous nature of Goods or their constituents, including (without limitation) the U.S. Toxic Substances Act, the U.S. Occupational Safety and Health Act, the U.S. Hazardous Communication Standard, the Federal Hazardous Substances Act, the California Proposition 65, European ROHS standards, and other current and subsequently applicable requirements; and Supplier agrees that it will furnish promptly on request and provide all information and certifications evidencing compliance with such laws, regulations, standards, and requirements.

26. THIRD PARTY WARRANTIES

Supplier must obtain third party warranties consistent with the "Warranty" Section for all Components, and services required by Supplier to perform under this Purchase Order and Supplier is solely responsible for ensuring that all Components meet required specifications, operate as intended and are free from all defects in

workmanship and materials. Supplier is solely liable if a Component fails to conform to the requirements of this Purchase Order, and Supplier will manage all Goods and Services defect issues (failure analysis, repair or replacement and the like) that arise due to the Component supplier's breach of warranty. If Supplier fails to do so, then Honeywell has the right to withhold payment(s), in addition to its other rights and remedies, until this obligation is satisfied.

27. CHANGES

- A. Honeywell may, by written or electronic notification, direct changes in the drawings, designs, specifications, method of shipment or packing, quantity, or time or place of delivery of the Goods; reschedule the services; or require additional or diminished services. Only authorized Honeywell procurement representatives may issue changes to this Purchase Order. If any change causes an increase or decrease in the cost of, or the time required for, performing this Purchase Order, an equitable adjustment will be made in the Purchase Order price, delivery dates, or both, and this Purchase Order will be modified in writing or electronically accordingly. Any claim for adjustment under this provision may, at Honeywell's option, be deemed to be waived unless asserted in writing (including the amount of the claim and adequate supporting documentation) and delivered to Supplier's Honeywell buyer within 30 days from the date of the receipt by Supplier of the Honeywell-directed change to this Purchase Order. If Honeywell compensates Supplier for property made obsolete or excess by a change, Honeywell may prescribe the manner of disposition of the property. Notwithstanding any disagreement between the Parties regarding the impact of a change, Supplier will proceed diligently with its performance under this Purchase Order pending resolution of the disagreement.
- B. If a regulatory agency changes or issues new requirements for certification, requiring a change in technical requirements to permit delivery of compliant, certifiable Goods, then Supplier will make or cause such changes to be made to the Goods at Supplier's expense, but only after coordination with Honeywell and receipt of written approval of Honeywell's Authorized Representative.

28. DESIGN AND PROCESS CHANGES

- A. Supplier will make no changes in the design, materials, manufacturing location, manufacturing equipment, production process, changes between a manual and automated process, or any other processes related to the Goods specified in this Purchase Order or documents referenced in it, or if none, those in place when this Purchase Order is issued, without the advance written approval of Honeywell's procurement representative. This requirement applies whether or not the change affects costs and regardless of the type of change, including product improvements. Supplier will notify Honeywell of any such potential changes promptly as it becomes aware of them.
- B. To request approval to change a manufacturing location or subcontracting of process required to manufacture the Goods, Supplier must provide Honeywell with a plan at least 180 days prior to the proposed start date of implementing such change in the manufacturing location or subcontracting of processes required for the Goods. Any such plan is subject to Honeywell's written approval, and must result in a reduction in the prices charged by Supplier to Honeywell for Goods, and must demonstrate that Supplier has taken all necessary actions to avoid negative impacts to Honeywell, including, but not limited to, maintaining additional inventory, overlapping production schedules, etc. Such price reductions will be agreed to by Supplier and Honeywell prior to implementation.
- C. Supplier will be responsible for any and all of Honeywell's costs incurred as a result of changes implemented by Supplier including but not limited to all customer charges; all labor costs, including engineering costs, travel and lodging; all costs to transition to an alternative source of supply; redesign and/or recertification; and all corrective action.

- D. Supplier will flow down this requirement in all its subcontracts and purchase orders for purchased goods or process-related services required for the Goods, whether such Goods are supplied to Supplier as an end item, a component part of an end item, or an individual piece part.

29. STOP WORK

At any time by written notice and at no cost, Honeywell may require Supplier to stop all or any part of the work under this Purchase Order for up to 120 days ("**Stop Work Order**"), and for any further period as Supplier and Honeywell may agree. Immediately upon receipt of the Stop Work Order, the Supplier will comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work stoppage. During the Stop Work Order period, the Supplier will protect, store and secure such Goods, materials, components or the works as well as any tools used for the Goods production against any deterioration, loss or damage. Immediately upon receipt of a Stop Work Order, the Supplier will comply with its terms. At any time during the Stop Work Order period, Honeywell may, in whole or in part, either cancel the Stop Work Order or terminate this Purchase Order, upon written notice with no liability except for any Goods and Deliverables delivered and accepted by Honeywell prior to the effective date of termination. To the extent the Stop Work Order is canceled or expires, Supplier must immediately resume work.

30. TERMINATION

- A. Either party may immediately terminate this PO in the event (a) of a material breach by the other party of its obligations under the Purchase Order which remains uncured 30 days after receipt of the notice of breach, except in the case of breach related to safety, health, security, or any misuse or disclosure of Honeywell's intellectual property rights or Confidential Information, in which case Honeywell will have the right to immediately terminate this Purchase Order, (b) the other party becomes insolvent or suspends any of its operations or if any petition is filed or proceeding commenced by or against such party under any law relating to bankruptcy, arrangement, reorganization, receivership or assignment for the benefit of creditors, or (c) the other party breaches its obligations under any applicable export laws or is placed on any debarred list for violation of any applicable export control laws or regulations or is otherwise not in compliance with applicable laws. Honeywell may immediately terminate if Supplier experiences a Change of Control. "**Change of Control**" means (whether in a single transaction or in a series of transactions): the sale or transfer of all or substantially all of a party's assets or any material asset to any third party; the acquisition of a party by any third party or parties including, without limitation, by any reorganization, merger or consolidation, whether with or into any other third party or parties or otherwise; or the acquisition by a third party or parties of beneficial ownership of more than 50% of the voting power of a party. Termination is without liability to Honeywell except for payment for completed Goods delivered and accepted by Honeywell before the date of termination. A material breach includes, but is not limited to, late delivery or delivery of nonconforming Products. In the event of Honeywell's material breach, Supplier may terminate a Purchase Order, however, Honeywell will only be deemed to be in material breach under an applicable Purchase Order in the event Honeywell fails to pay Supplier undisputed invoice in accordance with the terms of this Purchase Order and does not remedy the breach within 30 days after receipt of written notice of breach from Supplier.
- B. Notwithstanding any firm time period or quantity on the face of this Purchase Order, Honeywell may terminate this Purchase Order in whole or in part at any time with or without cause for undelivered Goods or unperformed services upon Honeywell's written notice.
- C. If Honeywell terminates this Purchase Order under Subsections A or B in this Termination provision, Honeywell's sole liability to Supplier, and Supplier's sole and exclusive remedy, is payment for Goods received and accepted by Honeywell before the date of termination. The payment can be set off against any damages to Honeywell. Upon termination, Honeywell may require Supplier

to transfer title and deliver to Honeywell any completed Goods and Honeywell will pay the Purchase Order price for those Goods subject to set off against any damages to Honeywell. In addition to any other rights it may have, require Supplier to deliver to Honeywell (a) completed Goods (subject to Honeywell's obligation to pay for them); and (b) drawings, specifications, plans, information, hardware and software that Supplier has produced or acquired specifically for the performance of this Purchase Order. Supplier must supply the Goods according to the terms of this Purchase Order issued, but unfulfilled, prior to any termination or expiration of this PO.

- D. If Honeywell terminates this PO, in whole or in part, for cause, Honeywell may, without prejudice to any other rights or remedies it may have, provide or perform, or have a third party provide or perform, all or any part of the Goods which have not been provided or performed at the time of termination, in accordance with the applicable SOW or PO. All additional costs incurred by Honeywell in providing or performing the Goods or having a third party do so, including reasonable overhead, incidental expenses and reasonable attorney and professional fees, will be charged to Supplier or deducted from any sums due or to become due to Supplier. "**Additional costs**," as used in the foregoing sentence, means the difference between the agreed amounts that Honeywell would have paid Supplier for timely, compliant Goods, and what Honeywell pays for substitute performance and/or replacement Goods from the replacement supplier.
- E. To the extent that any portion of this Purchase Order is not terminated under Subsections A or B above, Supplier will continue performing that portion.

31. CESSATION OF PRODUCTION

If production of any Good is to be discontinued or suspended within 1 year after final delivery under this Purchase Order, Supplier must give Honeywell as much prior written notice as commercially reasonable of the discontinuance or suspension. For at least two years from the discontinuance or suspension, Supplier must accept orders from Honeywell for the Good at the price and on the terms of this Purchase Order.

32. USAGE OF PRODUCTS OF HONEYWELL

Supplier will use commercially reasonable efforts to utilize Honeywell products and services in the fulfillment of this Purchase Order. Upon Honeywell's request, the Parties will mutually agree on the establishment of reasonable metrics for the utilization of Honeywell products and services.

33. GENERAL INDEMNIFICATION

Supplier will, at its expense, defend, hold harmless, and indemnify Honeywell and its subsidiaries, affiliates, and agents, and their respective officers, directors, shareholders, employees, and customers (collectively "**Indemnitees**") from and against any and all loss, cost, damage, claim, or liability, including reasonable attorney and professional fees and costs, and the cost of settlement, compromise, judgment, or verdict ("**Loss**") incurred by or demanded of an Indemnitee arising out of, resulting from or occurring in connection with Supplier's Goods or the performance of the Goods by Supplier or its personnel (including any employment-related Loss arising out of, resulting from, or occurring in connection with the performance), the acts, omissions, negligence, or willful misconduct of Supplier or its personnel, Supplier's breach of the terms of this Purchase Order, or any theft or other misappropriation of Honeywell's or its personnel's information, property, or funds by Supplier or its personnel. Indemnitee may participate in the defense or negotiations to protect its interests. Supplier will not enter into any settlement or compromise without Honeywell's prior written consent, which will not be unreasonably withheld. Supplier's indemnification includes claims between the Parties including legal fees. If Honeywell is obligated to pay any Loss or any damages pursuant to its contract with a customer, then Supplier will be liable for such Loss or any damages to the extent Supplier causes or contributes to such Loss or any damages. Nothing in this Section limits Honeywell's right to claim all damages sustained by Honeywell as a result of Supplier-caused delays.

34. INTELLECTUAL PROPERTY INDEMNIFICATION

- A. For anything provided by or through Supplier, including without limitation any item, material, good, deliverable, service or product (collectively, "**Material**"), Supplier will, at its expense, defend, hold harmless and indemnify the Indemnitees from and against any and all Loss arising out of, resulting from, or occurring in connection with any alleged: (a) patent, copyright or trademark infringement; (b) infringement by machines, articles of manufacture, compositions of matter or processes, or any portion thereof; (c) unlawful disclosure, use or misappropriation of trade secrets; or (d) any other violation of any intellectual property right. If an infringement claim is upheld or is reasonably believed by Honeywell to be upheld, or if any injunction or restraining order is issued, Supplier will, at its expense, obtain for Indemnitee, at Indemnitee's election, either the right to continue to use and commercialize the allegedly infringing Material, and any allegedly misappropriated trade secrets, or replace or modify the Material to make it non-infringing, provided that the replacement or modification is acceptable to Honeywell and does not impair the performance or functionality of the infringing Material.
- B. Any modification to, or substitute for, any allegedly infringing Material will be subject to all of the terms and conditions of this Purchase Order, including, without limitation, the indemnification provisions in this Intellectual Property Indemnification clause.
- C. Supplier will also indemnify Honeywell's customers and agents for infringement if and to the extent that Honeywell has agreed to so indemnify them, but to no greater extent than Supplier has a duty to indemnify Honeywell herein and under the same conditions as set forth herein.
- D. Supplier's obligations to defend, indemnify, and hold harmless Indemnitees under this Section for infringement claims based on a United States patent do not apply to the extent FAR 52.227-1 "Authorization and Consent" applies to Honeywell's prime or higher tier contract, and Honeywell and its customers are not liable to the U.S. Government for any damages, losses, costs, and expenses, including reasonable attorney fees by a third party.
- E. Supplier will have the right to conduct the defense and settlement of any claim or action described in this Section if it acknowledges in writing its responsibility for such claim within ten (10) calendar days of receiving notice of the claim, but in no event will Supplier enter into any settlement without Honeywell's prior written consent, which will not be unreasonably withheld or delayed. Honeywell may participate in the defense or negotiations to protect its interests. If Supplier fails to defend or settle any Loss in a prompt and competent manner, or fails to timely acknowledge in writing its responsibility, then Honeywell, at its option, has the right to take over the defense and settlement of the Loss at Supplier's expense. Supplier will pay all costs, expenses (including reasonable attorney and professional fees and costs), awards, judgments and settlements promptly as they become due, and Supplier will give Honeywell all information, assistance and authority to enable Honeywell to defend and settle the claim or action.
- F. In no event will Honeywell be required to indemnify or defend Supplier as a result of any claims or allegations of infringement.

35. INSURANCE

Supplier will maintain, at its sole cost and expense, insurance which includes, but is not limited to, commercial general liability (including products and completed operations liability) in a sum no less than \$5 million per occurrence and annual aggregate, commercial automobile liability in a sum no less than \$5 million per occurrence, worker's compensation in an amount no less than the applicable statutory minimum requirement, and employer's liability in an amount of no less than \$1 million per accident/per employee, with insurance carriers with an AM Best rating of no less than A- VII or equivalent. Before delivery of any Goods or commencement of any services under this Purchase Order, Supplier will provide to Honeywell evidence that Supplier maintains the described insurance, and Supplier will provide Honeywell 30 days advance written notification of cancellation or material change of required insurances.

For commercial general liability, Supplier will include Honeywell International Inc. as additional insured. Except where prohibited by law, Supplier will require its insurers to waive all rights of recovery or subrogation against Honeywell, its subsidiaries and affiliated companies, and its and their respective officers, directors, shareholders, employees, and agents. The amount of insurance carried in compliance with the above requirements is not to be construed as either a limitation on or satisfaction of the indemnification obligation in this Purchase Order.

36. LIEN WAIVERS

Supplier will furnish, upon Honeywell's request, waivers by Supplier and all other persons entitled to assert any lien rights in connection with the performance of this Purchase Order and will indemnify Honeywell against all costs, loss, or liability incurred by Honeywell as a result of any failure by Supplier or any other person to comply with this provision.

37. CONFIDENTIALITY

- A. All information, including without limitation specifications, samples, drawings, materials, know-how, designs, processes, and other technical, business, or financial information, that: (a) has been or will be supplied to Supplier by or on behalf of Honeywell; or (b) Supplier will design, develop, or create in connection with this Purchase Order; as to individual items or a combination of components or both, and whether or not completed, and all derivatives of (a) and (b) that Supplier has or will design, develop, or create are deemed to be "**Confidential Information**" of Honeywell. All Confidential Information is work made for hire and made in the course of services rendered. All rights to it belong exclusively to Honeywell, with Honeywell having the sole right to obtain, hold, and renew, in its own name or for its own benefit, patents, copyrights, registrations, or other appropriate protection. To the extent that exclusive title or ownership rights in Confidential Information may not originally vest in Honeywell, Supplier irrevocably assigns, transfers, and conveys to Honeywell all right, title, and interest therein.
- B. Honeywell's Confidential Information will remain the property of Honeywell. It may not be used by Supplier for any purpose other than for performing this Purchase Order, may not be disclosed to any third party, and will be returned to Honeywell upon the earlier of Honeywell's written request or completion of this Purchase Order. To the extent Supplier receives, collects, transmits, stores, hosts, or otherwise uses Honeywell Confidential Information, Supplier must comply with Honeywell's [Security Obligations for Suppliers Exhibit](#), the terms of which are incorporated into this Purchase Order by reference. If, with Honeywell's prior written approval, Supplier furnishes Confidential Information to a sub-tier supplier, Supplier will bind the sub-tier supplier to confidentiality requirements substantially identical to this provision and Supplier will remain responsible to Honeywell for any breach of this provision by its sub-tier suppliers. No disclosure, description or other communication of any sort will be made by Supplier to any third person of the fact of Honeywell's purchase of Goods under this Purchase Order, the terms of this Purchase Order, the substance of any discussions or negotiations concerning this Purchase Order, or either Party's performance under this Purchase Order.
- C. Personal Data. Supplier agrees to and will comply with the Honeywell Data Processing Exhibit for Suppliers published at <https://www.honeywell.com/us/en/company/data-privacy>, the terms of which are incorporated into this Purchase Order by reference. Honeywell and Supplier agree that the execution of this Purchase Order, whether in the form of Supplier's performance or partial performance of the Purchase Order, by electronic or physical signature or acceptance by click-to-accept button, will constitute Supplier's acceptance of the Honeywell Data Processing Exhibit for Suppliers.
- D. Data Rights. Without limiting any other rights Honeywell might have under this Purchase Order, Supplier grants Honeywell and its subsidiaries and affiliates access to and a perpetual, irrevocable, non-exclusive, worldwide, fully paid up

right to retain, transfer, duplicate, analyze, modify, prepare derivative works, and otherwise use for any purpose all data inputted, uploaded, or transferred in relation to, or which is collected by, the Goods and any related products or services (“**Goods Data**”). Goods Data is Honeywell Confidential Information. All information, analysis, inventions, and algorithms derived from Goods Data by Honeywell and/or its subsidiaries and affiliates and any intellectual property rights obtained thereon, are owned exclusively and solely by Honeywell and are Honeywell’s Confidential Information.

38. TECHNOLOGY AND INTELLECTUAL PROPERTY RIGHTS

- A. **Honeywell Trademarks.** Honeywell will have the right to market the Products under its own trademark, trade name or product designation. Supplier will not use any trademark or trade names (“**Trademarks**”) of Honeywell without first obtaining Honeywell’s written permission. Once written permission is granted, Supplier has the limited right during the term of this Purchase Order, to use the trademarks identified by Honeywell to Supplier only in connection with the direct manufacture or production of Products. Supplier may not sublicense or grant the trademark rights granted herein to any third party. Supplier will sell or distribute Products only to Honeywell. Supplier will only use the Trademarks in the specific form and manner provided by Honeywell and only according to Honeywell’s direction, including quantities, quality and manufacturing and shipment dates. Upon expiration or termination of this Purchase Order, Supplier will immediately cease any and all use of any Trademarks in any manner. Honeywell may revoke the Supplier’s right to use any Trademarks at any time and in its sole and absolute discretion by giving written notice. Such notice will be effective immediately upon receipt. Supplier will not use the Trademarks as part of any corporate or business name and will not attempt to register, register or own (at any time and in any country) the Trademarks, any term confusingly similar to the Trademarks, or any domain name, keyword or social media networking or media account name which incorporates the Trademarks in whole or in part. Any rights acquired by Supplier in violation of this section will immediately be assigned to Honeywell upon request.
- B. **Intellectual Property Assurances.** All Supplier personnel participating in the performance of this Purchase Order will be under written agreements with the Supplier to assign all rights in Supplier’s Foreground Technology to Supplier. Supplier will disclose to Honeywell all Inventions created, conceived, or developed by Supplier personnel that constitute Foreground Technology and that per the terms of this Purchase Order may be owned (in whole or in part) by or licensed to Honeywell within 30 days of such creation, conception, or development. Supplier and its personnel will provide Honeywell, and/or any Honeywell designee, all reasonable assistance and execute all documents necessary to assist and/or enable Honeywell to perfect, preserve, register and/or record Honeywell’s rights in Supplier’s Foreground Technology.
- C. **Background Technology.** Each Party will retain all right, title and interest in and to their respective Background Technology, subject to any licenses that may be granted in this Purchase Order. Honeywell hereby grants to Supplier a fully paid-up, non-exclusive license to use Honeywell’s Background Technology, Foreground Technology, and Joint Technology solely for the purposes of designing, manufacturing, selling or otherwise providing Goods and Deliverables to Honeywell as contemplated under this Purchase Order.

Supplier hereby grants to Honeywell a worldwide non-exclusive, royalty free license to use Supplier’s Background Technology to the extent necessary for Honeywell to use the Goods and Deliverables provided by Supplier as reasonably contemplated and to complete its obligations under the higher tier contract giving rise to this Purchase Order.

- D. **Foreground Technology.** All Foreground Technology will be the sole and exclusive property of Honeywell and Honeywell will retain any and all rights to file any patent applications or other registrations thereon. To the extent required, Supplier hereby agrees to grant and grants to Honeywell any and all license rights in Supplier’s Background Technology required for Honeywell to

use the assigned Foreground Technology in the normal course of Honeywell’s business operations.

- E. **Joint Technology.** All Joint Technology will be the sole and exclusive property of Honeywell. Supplier hereby irrevocably assigns, transfers, and conveys to Honeywell all right, title and interest in and to all Joint Technology with Honeywell having the sole and exclusive right to obtain, hold and renew, in its name only or for its own benefit, patents, copyrights, registrations, or other appropriate protection. No Joint Technology rights of any kind are reserved or retained by Supplier.
- F. **IOT Data.** If Goods or Deliverables will be connected to a network in any way, or generate IOT Data, then Honeywell will own and have the sole and exclusive right, title, interest, custody, possession and control of IOT Data. Supplier may retain, use, copy, and modify the IOT Data solely in performance of this Contract. Supplier will in no way encumber or restrict Honeywell’s ability to access and/or use IOT Data, and Supplier relinquishes and waives all rights in and to IOT Data.
- G. **Transfer of Technology Ownership.** Each work of authorship constituting Supplier’s Foreground Technology is deemed to be a “work made for hire” under U.S. Copyright Law and Honeywell will be deemed the author of such work. If any such work is determined not to be a work made for hire, this article will operate as an irrevocable assignment by the author and the Supplier of all right, title and interest throughout the world in the copyright in the work, including the right to make derivatives thereof and revisions thereto. Further, to the extent that exclusive title and ownership rights in Foreground Technology does not originally vest in Honeywell, Supplier hereby irrevocably assigns, transfers, and conveys to Honeywell all right, title and interest in and to all Foreground Technology with Honeywell having the sole and exclusive right to obtain, hold and renew, in its own name or for its own benefit, patents, copyrights, registrations, or other appropriate protection. No Foreground Technology rights of any kind are reserved or retained by Supplier.
- H. **Deliverables.** Supplier hereby assigns all right and title in and to all Deliverables to Honeywell. Honeywell’s ownership of the Deliverables and the associated Intellectual Property Rights is not intended, and will not be construed, to grant Honeywell the right to use any Supplier owned Background Technology other than the Deliverables themselves and the information contained therein except to the extent such rights or licenses are expressly granted to Honeywell in this Purchase Order.

Honeywell has the right to use Deliverables for any purpose and without restrictions of any kind (including, but not limited to reproduction, distribution, display, modification, performance, and preparation of derivative works based on Deliverables as well as to use Deliverables to make, have made, sell, offer to sell, import, use, or otherwise dispose of products and services) and to grant licenses directed to the foregoing.
- I. **Specification.** In the event that Supplier suggests or proposes any modifications to Honeywell’s Specification that includes Supplier Background Technology, Supplier grants and agrees to grant to Honeywell an irrevocable, royalty free, paid up, and worldwide license, with the right to sub-license, in such Supplier Background Technology to use, reproduce, disclose to others, modify, and create derivative works based on the Specification (and permit others to do any of the foregoing) and to make, use, sell, offer for sale, have made, import, or otherwise dispose of any products or services.

39. AUDIT AND RECORDS

- A. **Records.** Supplier will retain and preserve all records and materials, including invoice records, pertaining to this Purchase Order, for a period of ten (10) years after the final delivery, expiration or termination of this Purchase Order, or for the period prescribed by applicable law, whichever period is longer. Thereafter, Supplier will not destroy or dispose of or allow the destruction or disposition of such records and materials without first offering, in writing, to

deliver such records and materials or copies thereof to Honeywell at Honeywell's expense. If Honeywell fails to request such records and materials within 90 days after receipt of the written offer, Supplier may destroy or dispose of such records and materials. Supplier will require each of its sub-tier suppliers to do likewise with respect to their records and materials.

- B. Audit: At any time during the term of this Purchase Order and for ten (10) years following the expiration or termination of this Purchase Order, or for the period prescribed by applicable law, whichever period is longer, Honeywell (or its duly authorized agents) may, upon no less than five (5) days prior written notice to Supplier, audit Supplier's books and records to verify Supplier's compliance with its obligations under this Purchase Order. With regard to any information provided by Supplier that is not otherwise publicly available or owned or licensed by Honeywell, Honeywell will use such information only for purposes of determining Supplier's compliance with this Purchase Order. Supplier will provide, and will require each of its sub-tier suppliers to provide, Honeywell access to Supplier's and Supplier's sub-tier supplier's books, other pertinent records, and any other information as requested by Honeywell's auditors at no cost to Honeywell during normal working hours. During the audit, if any invoice submitted by Supplier is found to be in error, an appropriate adjustment will be made to the invoice or the next succeeding or new invoice following the discovery of the error and the resulting payment or credit will be issued promptly. Supplier will promptly correct any deficiencies discovered as a result of the audit. At Honeywell's request, Supplier will provide Honeywell's auditors or designated independent credit rating firm with financial statements (including, but not limited to, balance sheet, profit loss statement, etc.; quarterly/annual), along with a certificate of an Officer of Supplier responsible for the preparation of such financial statements, attesting to the accuracy and completeness of such financial statements, and certifying that Supplier is in good financial condition and is not in default with respect to any obligations, including, without limitation, to its lenders and suppliers.

40. RIGHT OF ENTRY

Honeywell and Honeywell's customers (with written permission from Honeywell) will be entitled to send representatives to Supplier's facility to perform program, operational, or quality audits, as may be deemed appropriate, or to become informed of production progress, or conduct other business pertaining to this Purchase Order.

Supplier hereby grants, and will cause any of its sub-tier suppliers to grant, to Honeywell and Honeywell's customers the right to visit the facility of Supplier or any of its sub-tier suppliers during operating hours to review progress and performance with respect to production, schedule, cost, quality and protection of Honeywell's and/or Honeywell customer's proprietary rights under this Purchase Order.

41. ASSIGNMENT AND SUBCONTRACTING

This Purchase Order will be binding on Supplier and its respective permitted successors and assigns. Supplier will not assign this Purchase Order or any rights or obligations under this Purchase Order or subcontract all or any aspect of the work called for without the prior written approval of Honeywell. Any transfer of this Purchase Order by Supplier by merger, consolidation, dissolution, or any change in ownership or power to vote a controlling share of the voting stock in Supplier will constitute an assignment for the purposes of this Purchase Order. Any assignment or subcontract without Honeywell's written approval will be voidable at the option of Honeywell. Honeywell may assign this Purchase Order or any of its rights or obligations under this Purchase Order to any of its subsidiaries or affiliates, or to any purchaser or successor to all or substantially all of the assets of the Honeywell product line or business to which this Purchase Order relates without Supplier's consent and upon written notice to Supplier. Supplier will be responsible for all its subcontractors and any act or omission of any Supplier subcontractor will be deemed an act or omission of Supplier for purposes of this Purchase Order.

42. RELATIONSHIP OF THE PARTIES / INDEPENDENT CONTRACTOR

Nothing in this Purchase Order will be construed to place Supplier and Honeywell in an agency, employment, franchise, joint venture, or partnership relationship. Neither Party has the authority to obligate or bind the other in any manner. Nothing contained in this Purchase Order will give rise or is intended to give rise to rights of any kind to any third parties. Neither Party will make any representation to the contrary. The Parties agree that Supplier will perform its obligations under this Purchase Order as an independent contractor. Supplier will be solely responsible to exercise full control of, supervision over, and responsibility for Supplier's personnel, its subcontractors, or its agents, and any employee of any of the foregoing, including the employment, direction, compensation, and discharge of Supplier's personnel, its subcontractors, or its agents and any employee of any of the foregoing as well as compliance with workers' compensation, unemployment, disability insurance, social security, withholding, and all other laws, rules, codes, regulations and ordinances governing such matters. For any Goods provided under this Purchase Order in Louisiana, Supplier and Honeywell stipulate that Honeywell is deemed to be the statutory employer of Supplier's employees and all employees of any sub-tier contractor retained in any manner by Supplier, who perform services or access Honeywell's property and such status is limited to the period in which the preceding actions occur. Supplier and Honeywell further stipulate that all services performed pursuant to this Purchase Order are an integral part of or essential to Honeywell's production of its goods or delivery of its services.

43. CONTINUITY OF SUPPLY

- A. In the event that Honeywell terminates this Purchase Order for default, or in the event of an excusable delay, or Supplier assigns this Purchase Order without Honeywell's prior written approval then Supplier will, within 10 days following Supplier's receipt of Honeywell's notice exercising its rights under this clause, provide to Honeywell all of Supplier's and Supplier's sub-tier supplier's work in progress, materials, parts, Confidential Information, drawings, plans, manufacturing data, software (in source code and object code form) that is not commercially available off the shelf, tooling, dies, jigs, test equipment, and fixtures, that Supplier and Supplier's sub-tier suppliers specifically produced or acquired for the Goods, Deliverables, or materials, covered by this Purchase Order.
- B. Supplier will assist, including the loan of qualified and experienced employees as required, and cooperate with Honeywell or Honeywell's designee to transfer documentation and install equipment at a location designated by Honeywell in order to permit Honeywell or its designee to manufacture, test, and/or provide the Goods, Deliverables, or materials covered by this Purchase Order. The assistance and cooperation provided by Supplier will be provided at fair and reasonable rates to be negotiated. Such assistance will be available to Honeywell for at least 6 months following Supplier's receipt of Notice from Honeywell of an event described above and for further periods as may be mutually agreed.
- C. Supplier hereby grants to Honeywell, effective upon Honeywell's written notice to Supplier of an event described above, a non-exclusive, world-wide, and perpetual license to make, use, sell, have made, sublicense, import, offer for sale, display, copy, distribute, make derivative works, and otherwise dispose of and provide Goods (including any alterations, upgrades, or improvements to the Goods), Deliverables, or materials covered by this Purchase Order. The elements of the license will include all Intellectual Property Rights used by Supplier in the performance of this Purchase Order (including those associated with the documentation, equipment, know-how, and other information contemplated above and necessary for Honeywell or its designee to manufacture, test, support, sell, and/or provide the Goods, Deliverables, or materials covered by this Purchase Order.
- D. If Honeywell exercises its right under this provision due to termination for default or Supplier assigns this Purchase Order without Honeywell's prior

written approval then the collective group of materials, information and equipment identified above will be provided to Honeywell at no charge to Honeywell and the license grant will be fully paid up and royalty free.

- E. If Honeywell exercises its right under this provision in the event of an excusable delay then the Parties may negotiate a commercially reasonable cost and/or license fee for Supplier's and Supplier's sub-tier supplier's work in progress, materials, parts, Confidential Information, drawings, plans, manufacturing data, software (in source code and object code form) that is not commercially available off the shelf, tooling, dies, jigs, test equipment, and fixtures, that Supplier and Supplier's sub-tier suppliers specifically produced or acquired for the Goods, Deliverables, or materials, covered by this Purchase Order.
- F. In this Continuity of Supply clause, "**Intellectual Property Rights**" mean all worldwide intellectual property rights, whether arising under statutory or common law or by contract and whether or not perfected, now existing or hereafter filed, issued, or acquired, including (a) patent rights; (b) rights associated with works of authorship including copyrights and mask work rights; (c) rights relating to the protection of trade secrets and confidential information; and (d) any right analogous to those set forth herein and any other proprietary rights relating to intangible property; but specifically excluding trademarks, service marks, trade dress, and trade names.

44. COMPONENTS; DIRECTED SUPPLIERS

Supplier is responsible for obtaining all raw materials, components, and services required by Supplier to perform under this Purchase Order ("**Components**"). Honeywell may, in its sole discretion, direct Supplier to purchase Components from Honeywell Affiliates, subsidiaries, business units, or divisions, or third-party suppliers (each a "**Directed Supplier**"). Where the Components are purchased under a Honeywell negotiated pricing agreement with a third party, the Components are for the sole use of Supplier in the manufacturing process pursuant to this Purchase Order and must not be resold (whether in the form acquired or after incorporation into other goods) to any party other than a Honeywell business unit, subsidiary, or designee.

Supplier Responsibilities. Honeywell has no liability for any transactions between Supplier and a Directed Supplier and Supplier will not look to Honeywell for fulfillment of any obligations of a Directed Supplier. Regardless of whether Honeywell directs Supplier to use a specific Directed Supplier, Supplier is solely responsible to ensure that all Components meet required specifications, operate as intended, and are free from all defects in workmanship and materials. Supplier is solely liable if a Component fails to conform to applicable specifications or is otherwise defective.

45. COMPLIANCE WITH LAWS AND INTEGRITY

- A. Supplier will comply with all laws, orders, rules, regulations and ordinances and Honeywell's Supplier Code of Business Conduct ("**Code**") in performing this Purchase Order. A copy of the Code may be obtained at <http://hwl.co/CodeOfConduct>. Supplier agrees to abide by the Code and maintain an integrity and compliance program that encompasses at a minimum the standards of business conduct set forth in the Code and that effectively prevents and corrects ethical violations and maintains compliance with laws. Supplier and its employees, agents, representatives and subcontractors have not made or received, and will not make or receive, directly or indirectly, any payments, loans, gifts, favors or other special consideration or form of compensation (a) to or from Honeywell, to its employees, agents or representatives, other than payments set forth in this Purchase Order or other written contractual agreement between Supplier and Honeywell; or (b) to or from any third party for the purpose of influencing the performance by Supplier or Honeywell of its respective duties hereunder. Supplier warrants it has and will comply with the U.S. Foreign Corrupt Practices Act, UK Bribery Act, EU and similar anti-bribery legislation or requirements. A breach of this provision will be deemed a material breach of this Purchase Order and grounds for termination of this Purchase Order.

- B. Supplier will indemnify and hold harmless Honeywell from and against any and all loss, cost, expense (including reasonable attorney and professional fees), claims, damage, or liability arising out of or resulting from or occurring in connection with Supplier's breach of this Section.
- C. Supplier acknowledges that in the event of Supplier's breach of its obligations, warranties and representations under this section, Honeywell may suffer damage to its reputation and loss of business which is incapable of accurate estimation.
- D. Supplier must have a management system dedicated to compliance with applicable environmental, health and safety laws and regulations to ensure a safe working environment for their employees and responsible care of materials to prevent a negative impact on the environment (for example: ISO14001:2015/OHAS 18001:2007).
- E. Upon request, in form and substance satisfactory to enable Honeywell to meet its compliance obligations with regard to Regulation (EC) No 1907/2006 ("**REACH**"), Supplier will provide Honeywell with complete information regarding the chemical composition (substances, preparations, mixtures, alloys, or goods) of any Goods supplied under this Purchase Order, including all safety information required under REACH and information regarding the registration or pre-registration status of any Goods pursuant to REACH promptly but no later than 45 days of receiving such request. Supplier agrees that it will include any Honeywell "Identified Use" in its REACH registrations or applications for Authorization, unless Supplier notifies Honeywell that it rejects the Identified Use in order to protect human health or the environment and specifies the reason for the rejection. In this case Honeywell will have the right to terminate this Purchase Order without incurring any damages.
- F. Absent Honeywell's prior written consent, no Goods will contain any of the substances identified in Article 4.1 of the European Parliament Directive (2011/65/EU collectively, the "**RoHS Directives**") (as amended from time to time) or similar applicable laws or regulations, restricting the use of hazardous materials applicable or other relevant jurisdictions.
- G. Goods will not include any of the restricted chemicals set forth in the Montreal Protocol on ozone-depleting substances.
- H. Supplier will comply with its obligations under the Safe Drinking Water and Toxic Enforcement Act of 1986 of the State of California ("**Proposition 65**"). If the Goods contain any Proposition 65 listed chemicals, the Goods will be delivered with the warning labeling in full compliance with Proposition 65. If such chemicals are within safe harbor levels not requiring warning labeling under Proposition 65, Honeywell may request Supplier to provide certification, test protocol, and test results evidencing that warning labeling is not required.
- I. Supplier will be responsible for all costs and liabilities for or relating to the recycling of Goods pursuant the most current applicable version of European Parliament Directive 2012/19/EU (the "**WEEE Directive**") as the WEEE Directive is updated from time to time and as any such Directive is implemented in any country.
- J. Supplier will avoid use of materials of concern in the Goods provided to Honeywell, including but not limited to Persistent, Bioaccumulative Toxic (PBT) substances, Persistent Organic Pollutants (POPs) (e.g. PCBs, mercury, certain insecticides-DDT, Chlordane etc.), Carcinogens (known or suspected), Mutagens, Radioactive materials, Reproductive toxins (known or suspected), Beryllium, Hexavalent, Chromium, Asbestos or other respirable fibers, Ozone depleting substances, Brominated flame retardants or Nanoparticles. Supplier will pro-actively inform Honeywell of any above listed substances content in any Goods supplied under this Purchase Order. If applicable, Supplier will be responsible for all costs and liabilities for or relating to the disposal and/or recycling of materials, waste and products.

46. US EQUAL EMPLOYMENT OPPORTUNITY REGULATIONS / GOVERNMENT CONTRACTS

- A. To the extent employment activities of Supplier occur in the United States and if otherwise applicable, this contractor and subcontractor will abide by the requirements of United States Federal Law, aligned with ensuring compliance with anti-discrimination laws.
- B. If this Purchase Order (i) is in furtherance of a United States Government contract or subcontract that is subject to the U.S. Federal Acquisition Regulation (FAR) and/or other agency supplements, it incorporates by reference the Supplemental Provisions Under Fixed Price U.S. Government Contracts for Commercial Items, or (ii) is funded or otherwise the subject of a United States Government Grant, it incorporates by reference the Supplemental Provisions Under U.S. Government Grants, both sets of Supplemental Provisions are accessible at <https://www.honeywell.com/en-us/company/integrity-and-compliance>.

47. CONFLICT MINERALS COMPLIANCE

Supplier will comply with applicable “**Conflict Minerals**” laws relating to the sourcing of products containing tin, tungsten, tantalum or gold (“**3TG**”) originating from Conflict Affected and High-Risk Areas (“**CAHRAs**”) including the Democratic Republic of the Congo and adjoining countries. Supplier will have in place a supply chain policy and processes to undertake (1) a reasonable inquiry into the country of origin of Conflict Minerals incorporated into Goods it provides to Honeywell; (2) due diligence of its supply chain, as necessary, to determine if Conflict Minerals sourced from CAHRAs directly or indirectly finance the conflict in the CAHRAs, and (3) risk assessment and mitigation actions necessary to implement the country of origin inquiry and due diligence procedures. Upon request, Supplier will provide to Honeywell disclosures regarding the use of Conflict Minerals in any Goods provided by Supplier to Honeywell, in the form reasonably requested by Honeywell, and will provide such additional related information and documentation as Honeywell may reasonably request to evidence Supplier's compliance with this Section. Supplier will take all other measures as are necessary to comply with Conflict Minerals regulations, as they may be amended over time.

48. PER- AND POLYFLUORINATED SUBSTANCES (PFAS) DISCLOSURE

Supplier has an affirmative duty to disclose to Honeywell, in writing, any products, components, materials or other items (collectively, “**Items**”) it provides under this Purchase Order that contain Per- and Polyfluorinated Substances (“**PFAS**”), as that term is used in regulations requiring the reporting of such substances, including those issued by the US Environmental Protection Agency, either in or on the Items or used in the manufacture of the Items (“**PFAS Items**”). This is a continuing duty to disclose from the Effective Date of this Purchase Order through fulfillment of the last order hereunder, even if Supplier begins providing the PFAS Items after commencement of this Purchase Order. Further, Supplier represents and warrants that it has a process, or will implement one within 6 months of the date on the face of this Purchase Order, for reasonably ascertaining whether and where PFAS Items may be entering Supplier's supply chain. Following any such disclosures, the Parties will cooperatively work to ascertain the specific chemicals contained in any PFAS Items, and how to mitigate or eliminate them.

49. UNAUTHORIZED PARTS

“**Contaminated Good**” is a Good that is or contains an Unauthorized Part.

“**Unauthorized Parts**” refers to any part, including software or firmware, whether or not embedded, that has been: (a) represented, identified, or marked as genuine, whether or not knowingly, but is an illegitimate (i) imitation, (ii) substitute, or (iii) copy; (b) knowingly misrepresented as new or compliant with specifications, including without limitation, of a grade, serial number, lot, date code, or meeting performance characteristics that it does not; (c) without Honeywell's prior written approval, returned from another customer, used, refurbished, or reclaimed; or (d) suspected of being any of the foregoing by visual inspection, testing, or other information.

- A. Upon Honeywell discovering that Supplier has delivered to Honeywell a Contaminated Good, Honeywell will impound such Contaminated Good and provide notice to Supplier of such action.
- B. Supplier will promptly notify Honeywell upon Supplier discovering that Supplier has, or suspects that it may have, delivered to Honeywell a Good that is or contains a Contaminated Good. Supplier will immediately impound Contaminated Goods in its possession. If this Purchase Order is in furtherance of a United States Government contract or subcontract that is subject to the U.S. Federal Acquisition Regulation (FAR) and/or other agency supplements, Supplier will also provide Notice through Government Industry Data Exchange Program (GIDEP).
- C. Promptly upon the occurrence of either of the two events mentioned above, Supplier will, at Supplier's sole cost and expense, replace such Contaminated Good with a Good that meets applicable specifications and is not a Contaminated Good.
- D. Supplier will defend and indemnify Honeywell from all loss, cost, expense, damage, claim, demand, or liability relating to Supplier's delivery of Contaminated Goods, including without limitation Honeywell's external and internal costs of removing and replacing Unauthorized Parts or Contaminated Goods, of reinserting replacement parts, and of any testing necessitated by the reinstallation of Supplier's Goods after Unauthorized Parts have been exchanged.
- E. Honeywell may at its election and in addition to any other rights or remedies it may have under this Purchase Order, at law, or in equity, have the Contaminated Goods repaired, replaced, or corrected at Supplier's expense, or sourced from an alternate source at Supplier's expense if Supplier does not repair, replace, or correct Contaminated Goods promptly. Supplier is responsible for all related costs, expenses, penalties, and damages, including without limitation: the costs of repairing, replacing, or correcting Contaminated Goods; the costs of removal, disassembly, failure analysis, fault isolation, overhaul, upgrade, reinstallation, re-inspection, and retrofit of the Contaminated Goods or of Honeywell's affected end-product; all freight charges; all customer charges; labor costs, including engineering costs, travel and lodging; and all corrective action costs (e.g. costs of additional inspection or quality-control systems). Unless set off by Honeywell, Supplier will reimburse Honeywell for all such costs upon receipt of Honeywell's invoice.
- F. When requested by Honeywell, Supplier will provide documentation that authenticates traceability to the authorized source of the applicable manufacturers utilized by Supplier for all parts provided under this Purchase Order. Supplier will immediately notify Honeywell of any changes in Supplier's sources of supply for Goods awarded on this Purchase Order when the sources are other than an authorized source, including but not limited to any changes to Supplier's authorized franchised distributor status or other changes from authorized sources to unauthorized sources. Supplier's failure to provide notice is a material breach of this Purchase Order. In the event of such breach, Honeywell may at its sole option terminate this Purchase Order and elect an alternate supplier at Supplier's expense and in accordance with the Termination provision herein.

50. APPLICABLE LAW AND FORUM

- A. **UNITED STATES:** If Honeywell is a legal entity formed in the United States, then the construction, interpretation, performance, and enforcement hereof, all transactions hereunder, and the Parties' relationship in connection with this Purchase Order or any related claims, whether founded in contract, tort, or otherwise, will be governed by the laws of the State of New York, U.S.A. without regard to or application of its principles or laws regarding conflicts of laws, and excluding the United Nations Convention on Contracts for the International Sale of Goods of 1980 (and any amendments or successors thereto), and the federal or state courts in New York, New York will have

exclusive jurisdiction of any dispute. If the parties cannot resolve the dispute after they have completed the Executive Escalation (set forth in subsection below) as provided herein, either Party will refer the dispute to be resolved by arbitration to be conducted by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association. With respect to any Action or Proceeding (whether in contract, tort or otherwise) arising out of or relating to this Purchase Order, or for recognition or enforcement of any related judgment, each Party hereby irrevocably and unconditionally submits, for itself and its property, to the non-exclusive jurisdiction of the Supreme Court of the State of New York sitting in the Borough of Manhattan and of the United States District Court for the Southern District of New York, and any appellate court from any thereof. Each Party hereby agrees that a final judgment in any Proceeding will be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by applicable Law. Nothing in this Purchase Order will affect any right that a Party may otherwise have to bring any Proceeding against any other Party in the courts of any other jurisdiction.

B. **ASIA PACIFIC:** If Honeywell is a legal entity formed in an Asia Pacific country, then the construction, interpretation, and performance of all transactions under this Purchase Order will be governed by the laws of the country under which the Honeywell entity is formed, excluding the UN Convention on Contracts for the International Sale of Goods of 1980 (and any amendments or successors thereto). Any dispute arising out of or relating to this Purchase Order, including the breach, termination, or validity, will be resolved in accordance with the rules of arbitration as noted below depending on in which country Honeywell entity is formed. Judgment upon the award rendered by the arbitrators may be entered by any court having jurisdiction. The place of arbitration and the language of arbitration will be selected by Honeywell.

1. China- in accordance with the arbitration rules of the China International Economic and Trade Arbitration Commission;
2. Singapore, Indonesia, Vietnam, Australia, New Zealand or any other APAC country not specifically stated here - in accordance with the arbitration rules of the Singapore International Arbitration Center
3. Korea - in accordance with the arbitration rules of the Korean Commercial Arbitration Board;
4. Hong Kong - in accordance with the arbitration rules of the Hong Kong International Arbitration Center;
5. Malaysia - in accordance with the arbitration rules of the Asian International Arbitration Centre;
6. Taiwan - in accordance with the arbitration rules of the local Arbitration Act;
7. Japan - in accordance with the arbitration rules of The Japan Commercial Arbitration Association.

C. **INDIA:** If both Parties are legal entities formed in India, then the construction, interpretation, performance, and enforcement hereof, all transactions hereunder, and the Parties' relationship in connection therewith or any related claims, whether founded in contract, tort, or otherwise, will be governed by the laws of India without regard to or application of its principles or laws regarding conflicts of laws, and excluding the United Nations Convention on Contracts for the International Sale of Goods of 1980 (and any amendments or successors thereto). Any dispute arising out of or relating to this Purchase Order, including the breach, termination, or validity thereof, will be resolved by a sole arbitrator selected by the Parties, in accordance with the Arbitration and Conciliation Act, 1996, which rules are deemed incorporated by reference into this clause and this Purchase Order. If after 60 days the Parties cannot agree on a sole arbitrator, then each Party will select one arbitrator, and the two arbitrators will select a third. The arbitration will be conducted in English, and any non-English documents submitted by a Party must be accompanied by an

accurate English translation. The arbitrator(s) will allow appropriate discovery and resolve the dispute as expeditiously as possible, and if reasonably practicable, within 120 days. Judgment upon the arbitration award will be final and binding, and may be entered by any court having jurisdiction thereof. The place of arbitration will be Bangalore, India.

D. **TURKEY:** If both Parties are legal entities formed in Turkey, then the construction, interpretation, performance, and enforcement hereof, all transactions hereunder, and the Parties' relationship in connection therewith or any related claims whether founded in contract, tort, or otherwise, will be governed by the laws of Turkey without regard to or application of its principles or laws regarding conflicts of laws, and excluding the United Nations Convention on Contracts for the International Sale of Goods of 1980 (and any amendments or successors thereto). Although the proceedings may be conducted in Turkish, any non-English documents submitted by a Party must be accompanied by an accurate English translation.

E. **EMEA, INDIA and EMEA Countries Not Listed Above:** If Honeywell is a legal entity formed in a European, Middle Eastern, and African country or formed in an EMEA country not identified above, then the construction, interpretation, performance, and enforcement hereof, all transactions hereunder, and the Parties' relationship in connection therewith or any related claims whether founded in contract, tort, or otherwise, will be governed by the laws of England without regard to or application of its principles or laws regarding conflicts of laws, and excluding the United Nations Convention on Contracts for the International Sale of Goods of 1980 (and any amendments or successors thereto). Any dispute arising out of or relating to this Purchase Order, including the breach, termination or validity thereof, will be resolved by a panel of three arbitrators in accordance with the Rules for Arbitration of the International Chamber of Commerce. Judgment upon the award rendered by the arbitrators may be entered by any court having jurisdiction thereof. The place of arbitration will be London, England.

F. **CANADA; MEXICO, CENTRAL AND SOUTH AMERICA:** If Honeywell is a legal entity formed in Canada, Mexico, Central America, or any South American country, then the construction, interpretation, performance, and enforcement hereof, all transactions hereunder, and the Parties' relationship in connection therewith or any related claims whether founded in contract, tort, or otherwise, will be governed by the laws of the country in which the Honeywell legal entity is organized without regard to or application of its principles or laws regarding conflicts of laws, and excluding the United Nations Convention on Contracts for the International Sale of Goods of 1980 (and any amendments or successors thereto). If Honeywell is a legal entity formed in Canada, then this Purchase Order will be further construed in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein and treated in all respects as an Ontario contract. The Parties hereby irrevocably and unconditionally attorn to the exclusive jurisdiction of the courts of the Province of Ontario and all courts competent to hear appeals therefrom.

G. **Additional Rules Applicable to Arbitration:** Any award will be payable in the currency of this Purchase Order. Either Party may apply to the arbitrators seeking injunctive relief until the arbitration award is rendered or the controversy is otherwise resolved. Either Party also may, without waiving any remedy under this Purchase Order, seek from any court having jurisdiction any interim or provisional relief that is necessary to protect the rights or property of that Party, pending the arbitrators' determination of the merits of the controversy. The language of the arbitration will be English.

H. **Executive Escalation:** Before the Parties initiate any legal action, other than injunctive relief, the Parties will schedule a mandatory executive conference to be held within 15 days of receipt of the other Party's written request. The conference will be attended by at least 1 executive from each Party. At the conference, each Party will present its view of the dispute and the executives will enter into good faith negotiations in an attempt to resolve the dispute. If

the dispute is not resolved then either Party may pursue resolution of the dispute consistent with the other terms of this Purchase Order, or available at law or in equity.

51. REMEDIES

Supplier is liable for all work, costs and expenses Honeywell incurs or sustains by providing resources to assist Supplier in meeting its performance obligations. All Honeywell rights and remedies set forth in this Purchase Order are in addition to, and will in no way limit, any other rights and remedies that may be available under this Purchase Order, by law or in equity.

52. SUPPLY CHAIN SECURITY

Supplier represents and warrants that it (and its subcontractors) meets one of the criteria below and will accordingly continue to comply as follows:

If Supplier is US Customs – Trade Partnership Against Terrorism (“**C-TPAT**”) certified, then Supplier will:

- A. advise Honeywell of its certification status and make its company visible for search in the C-TPAT Portal,
- B. authorize C-TPAT certification monitoring by Honeywell, and
- C. complete an annual survey attesting to C-TPAT program compliance.

If Supplier is certified by another World Customs Organization (“**WCO**”) sanctioned supply chain security program (Authorized Economic Operator – AEO, Partners in Protection – PIP, etc.), then Supplier will:

- A. provide its certification number,
- B. complete an annual survey attesting to WCO compliance, and
- C. upon Honeywell’s request, provide Honeywell with sufficient evidence of the WCO-sanctioned supply chain security program compliance.

If Supplier is neither C-TPAT certified, nor certified by an AEO, PIP, or other WCO-sanctioned program, then Supplier will:

- A. adhere to the security criteria for Supplier’s applicable C-TPAT category (e.g., Importer, Foreign Manufacturer, etc.), and
- B. upon Honeywell’s request, complete an annual survey attesting to its compliance with a WCO-sanctioned program.

53. SURVIVAL

All provisions of this Purchase Order which by their nature should apply beyond its term will remain in force after any termination or expiration of this Purchase Order including, but not limited to, those addressing the following subjects: Import and Export Customs Compliance; Drawback; Offset; Honeywell-Supplied Materials, Tooling, Equipment and Technical Data; Price; Most Favored Customer and Meet or Release; Invoicing and Payment; Set Off; Warranty; Cessation of Production; General Indemnification; Intellectual Property Indemnification; Insurance; Lien Waivers; Confidentiality/Data Privacy and Intellectual Property; Taxes and Duties; Audit; Relationship of the Parties/Independent Contractor; Applicable Law and Forum; Remedies; Publicity; Waiver; and Survival.

54. TRANSLATIONS

This Purchase Order is in English, which will be the controlling language in all respects. Any other language version is intended for reference only. In the event of any conflict or discrepancy between language versions, the English version will prevail. English will be used for all oral and written communications between the Parties, including deliverables required under this Purchase Order. Pursuant to the rights available under this Purchase Order, if Honeywell requires Supplier’s internal documentation, and such internal documentation is not in English, Supplier will either translate such documents to English or will make professional translation services by a third-party approved by Honeywell available to Honeywell, both free of charge to Honeywell and at Honeywell’s

option. If Supplier is a legal entity formed in Indonesia and to the extent that Law No. 24 of 2009 of the Republic of Indonesia on the Flag, Language, State Emblem and National Anthem applies to this Purchase (as an agreement to which an Indonesian entity is a party), Supplier will, if required by any enabling regulations under Law No. 24 of 2009, at its own expense translate this Purchase Order into Bahasa Indonesia and the Parties will ratify the Bahasa Indonesia translation. In the event of inconsistency or a different interpretation between the English and the Indonesian version, the English version will prevail and the relevant Indonesian version will be deemed to be automatically amended to conform with and to make the relevant Indonesian version consistent with the relevant English version. Each notice, instrument, certificate or other form of communication made or given under or in connection with Purchase Order will be in the English language.

55. IMPORT AND EXPORT COMPLIANCE

A. Import. In the event government authorities declare or otherwise impose countervailing duties, antidumping duties, or retaliatory duties on the goods imported under this Purchase Order, Honeywell reserves the right to terminate this Purchase Order in accordance with the Termination provisions.

B. Export. Supplier will comply with all export laws and regulations of all countries involved in transactions associated with this Purchase Order.

In this Import and Export Compliance clause, “**Technical Information**” means any information which is necessary for one or more of the following activities: design, development, production, manufacture, assembly, installation, operation, repair, overhaul, testing, refurbishing, maintaining, or modifying a commodity (i.e., hardware, material) or software.

If the receiving Party receives hardware, Technical Information, manufacturing drawings, specifications, software or similar type items from the disclosing Party, it is the responsibility of the receiving Party to ensure compliance with all U.S. export laws and regulations, as well as all applicable local export laws and regulations if the receiving Party is located outside the U.S., in the performance under this Purchase Order. These laws include, but are not limited to, (a) Section 38 of the Arms Export Control Act as enumerated in 22 CFR Parts 120-130, the International Traffic in Arms Regulations (“**ITAR**”), and (b) Export Control Reform Act of 2018, as amended in 15 CFR Parts 730-774 of the Export Administration Regulations (“**EAR**”), and all applicable local export laws and regulations if the receiving Party is located outside the U.S.

No hardware, Technical Information, manufacturing drawings, specifications, software or similar type items whose export is controlled by the U.S. Department of State or the U.S. Department of Commerce will be transferred, disclosed or exported to “**Foreign Persons**,” not otherwise authorized, as defined in the above-stated laws and regulations, without specifically obtaining approvals from the U.S. Department of State’s Office of Defense Trade Controls or from the U.S. Department of Commerce’s Bureau of Industry and Security, as required.

If the receiving Party intends to transfer, disclose or export any of the disclosing Party Technical Information, manufacturing drawings, specifications, software or similar type items to any Foreign Persons not already authorized, prior written authorization of the disclosing Party must be obtained prior to the receiving Party obtaining U.S. Government licenses or other approvals as stated above. The receiving Party agrees to abide by all limitations and provisos and/or riders and conditions listed on any licenses or other approvals issued by the U.S. Department of State or the U.S. Department of Commerce.

56. NON-MILITARY END USER AND END USE CERTIFICATION

In order to satisfy U.S. export control laws, Supplier confirms that it is not an entity that meets the definition of a military end user in China (including, Hong Kong and Macau), Russia, Belarus, Myanmar/Burma, Venezuela, or Cambodia (“**Military End User**”) or sells items that support or contribute to a Military End Use by a Military End User. Military End User includes any entity that is part of the national armed services (army, navy, marine, air force, or coast guard), as well as the national guard and national police,

government intelligence or reconnaissance organizations, or any person or entity whose actions or functions are intended to support "military end uses." "**Military End Uses**" includes use of an item to support or contribute to the operation, installation, maintenance, repair, overhaul, refurbishing, development, or production of military items. In addition, if and as applicable, Supplier will not divert or in any way utilize or sell products, materials, or technology/technical information/specifications supplied by or on behalf of Honeywell to Supplier under or in connection with this Purchase Order to/for any entity which is a Military End User or for Military End Uses by a Military End User. Should the foregoing occur, Supplier will immediately notify Honeywell and cease all activities associated with the transaction in question if it knows or has a reasonable suspicion that such products, materials, technical information, plans, or specifications may be exported, reexported, or transferred to a Military End User or in support of a Military End Use by a Military End User. Supplier's failure to comply with this provision will be deemed a material breach of this Purchase Order. Notwithstanding anything to the contrary in this Purchase Order, Honeywell may take any and all actions required to ensure full compliance with applicable export control laws without Honeywell incurring any liability.

57. SANCTIONS COMPLIANCE

Supplier represents, warrants, and agrees that:

Supplier is not a "**Sanctioned Person**," meaning any individual or entity: (1) named on a governmental denied party or restricted list, including but not limited to: the Office of Foreign Assets Control ("**OFAC**") list of Specially Designated Nationals and Blocked Persons ("**SDN List**"), the OFAC Sectoral Sanctions Identifications List ("**SSI List**"), and the sanctions lists under any other Sanctions Laws; (2) organized under the laws of, ordinarily resident in, or physically located in a jurisdiction subject to comprehensive sanctions administered by OFAC (currently Cuba; Iran; North Korea; Syria; and the Crimea, People's Republic of Donetsk, and People's Republic of Luhansk regions of Ukraine/Russia) ("**Sanctioned Jurisdictions**"); and/or (3) owned or controlled, directly or indirectly, 50% or more in the aggregate by one or more of any of the foregoing.

Relating to this Purchase Order, Supplier is in compliance with and will continue to comply with all economic Sanctions Laws administered by OFAC, other U.S. regulatory agencies, the European Union and its Member States, the United Kingdom, and the United Nations ("**Sanctions Laws**"). Supplier will not involve any Sanctioned Persons in any capacity, directly or indirectly, in any part of this Purchase Order and performance under this Purchase Order. Supplier will not take any action that would cause Honeywell to be in violation of Sanctions Laws.

Supplier will not sell, export, re-export, divert, use, or otherwise transfer any Honeywell products, technology, software, or proprietary information: (i) to or for any Sanctioned Persons or to or involving Sanctioned Jurisdictions; or (ii) for purposes prohibited by any Sanctions Laws. Supplier will not source any components, technology, software, or data for utilization in Honeywell products or services: (i) from any Sanctioned Persons or Sanctioned Jurisdictions or (ii) in contravention of any Sanctions Laws.

Supplier's failure to comply with this provision will be deemed a material breach of the Purchase Order, and Supplier will notify Honeywell immediately if it violates, or reasonably believes that it will violate, any terms of this provision. Supplier agrees that Honeywell may take any and all actions required to ensure full compliance with all Sanctions Laws without Honeywell incurring any liability.

58. NOTICES

All notices, requests, demands and other communications relating to this Purchase Order must be in writing and delivered: (1) personally; (2) by a recognized overnight courier; (3) by certified first class mail, postage prepaid; or (4) by electronic transmission (email), with proof of delivery (each to the respective address appearing on this Purchase Order) to each Party's designated authorized representative. A notice will be deemed given (a) on the date delivered if delivered personally, (b) one (1) business day after being placed in the custody of an overnight courier as specified, (c) five (5) business days after being placed in the mail, or (d) on the date of successful delivery when sent by email. For the purposes of this Purchase Order, when a provision

calls for Honeywell's written permission, consent, or signature, such permission, consent, or signature must be given by Honeywell's authorized representative.

59. PUBLICITY

Supplier will not use Honeywell's name or marks without Honeywell's express written consent, or refer to or identify Supplier's work and/or relationship with Honeywell publicly, including without limitation in any advertising or publicity releases or promotional or marketing materials. Furthermore, Supplier will not claim or suggest, implicitly or explicitly, that Honeywell's use of its Goods constitutes Honeywell's endorsement of its Goods.

60. NON-EXCLUSIVITY / NO COMMITMENT

Nothing in this Purchase Order will restrict Honeywell's right to contract with any third party to provide or perform, or to provide or perform on its own behalf, products or services similar or identical to the Goods provided by Supplier pursuant to this Purchase Order. Furthermore, there is no requirement that any minimum level of business or fees be provided to Supplier by Honeywell.

61. HEADINGS AND CAPTIONS

Headings and captions are for convenience of reference only and do not alter the meaning or interpretation of any provision of this Purchase Order.

62. WAIVER

The failure or delay of either Party to enforce at any time any of the provisions of this Purchase Order will not be construed to be a continuing waiver of those provisions, nor will any failure or delay prejudice the right of the Party to take any action in the future to enforce any provision. No waiver from Honeywell will be effective unless set forth expressly in writing and manually signed by Honeywell.

63. SEVERABILITY

If any provision of this Purchase Order (or portion thereof) is held to be illegal, invalid, or unenforceable by a court of competent jurisdiction, the Parties agree that the court will construe the provision in a manner that renders the provision valid and enforceable to the fullest extent possible under the law of the applicable jurisdiction and that the remaining provisions will remain in full force and effect.

64. FLOW DOWN OBLIGATIONS

Supplier agrees to assume toward Honeywell, to the extent applicable to the Supplier's Goods, Products and Deliverables, all the obligations that Honeywell has assumed toward its customer by the terms of the plans and specifications, general conditions and supplementary conditions, relating to the entire customer's project ("**Prime Contract**"), which Prime Contract is available for examination by the Supplier. If any provision of the Prime Contract is inconsistent with a provision of this Purchase Order, the provision that imposes a greater responsibility on Supplier and/or provides a greater remedy for Honeywell will govern. If Honeywell is obligated to pay its customer liquidated or other damages for delay, Supplier will be liable for such liquidated or other damages to the extent Supplier's failure to perform in accordance with the delivery schedule causes or contributes to any delay or other damages for which Honeywell may be liable. The inclusion of specific customer flow down terms in any exhibit to this Purchase Order will not limit the applicability of provisions in the Prime Contract unless specifically stated herein. This Purchase Order does not create a contractual relationship between Supplier and Honeywell's customer.
