HEALTHY BUILDINGS

Optimize building health and
reassure employees as part of your
back-to-business strategy.

Honeywell Forge Buildings

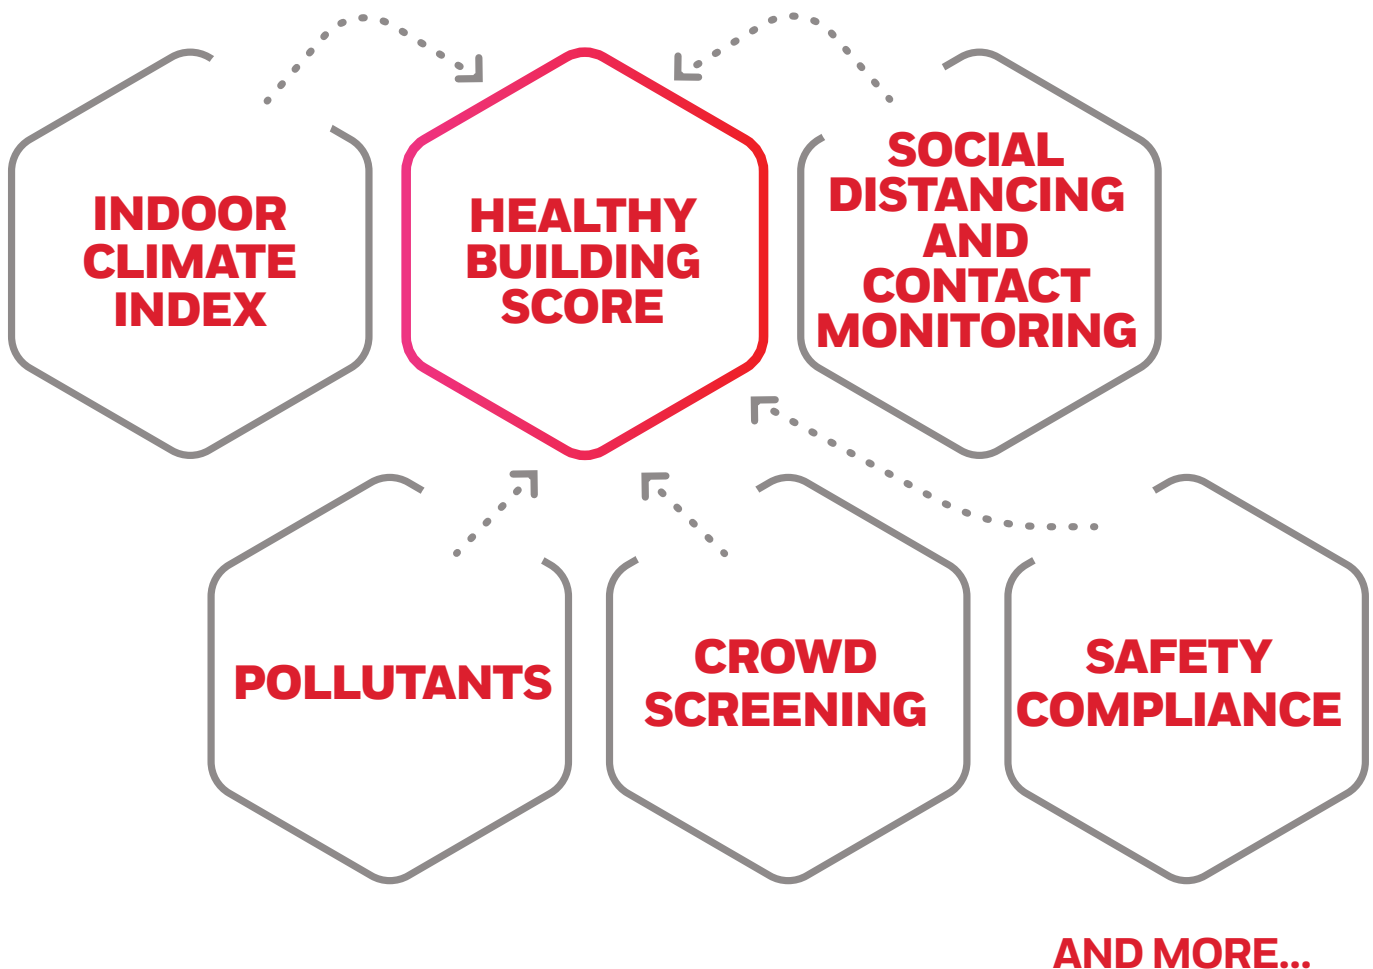

UNDERSTANDING YOUR HEALTHY BUILDING SCORE

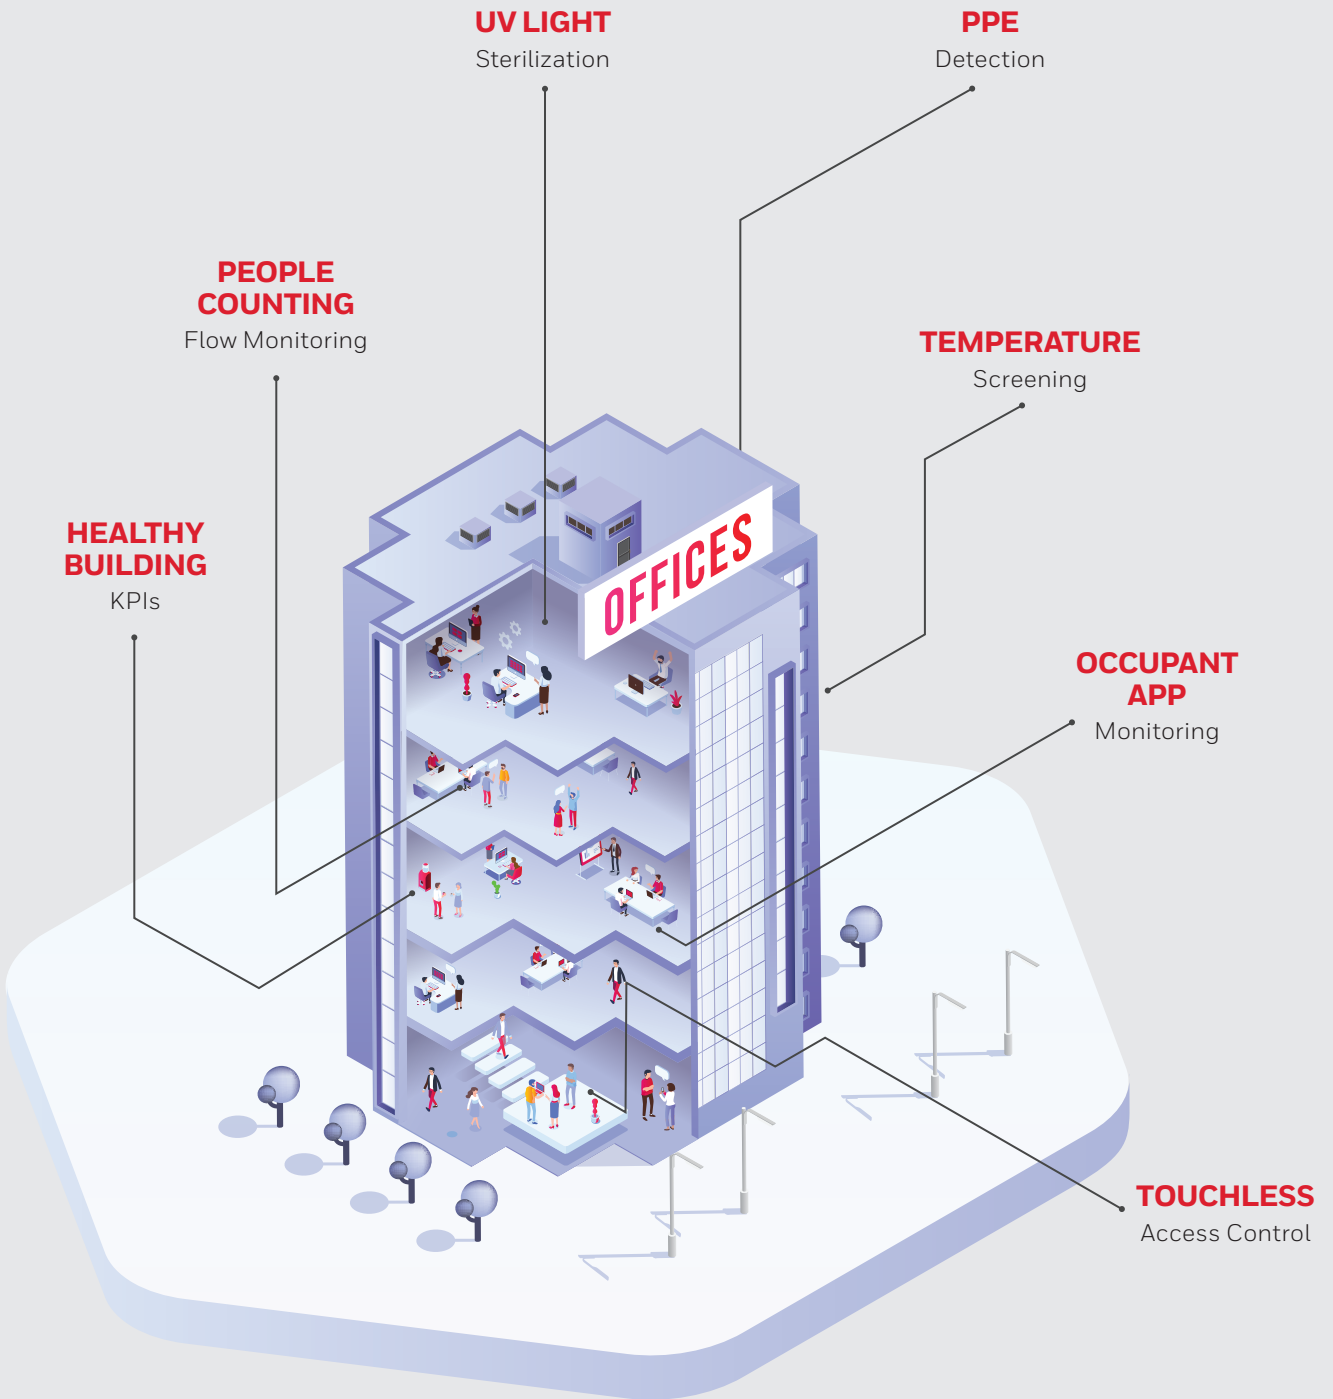

Honeywell Forge integrates building controls, air quality sensors, video feeds and secure access points then applies advanced analytics to calculate a simple, real-time Healthy Building Score. From a single site to a global portfolio, this score helps leadership guide processes, protect compliance and optimize business continuity. Companies can also display scores publicly to help occupants and guests feel comfortable in the space.

WHAT'S IN THE HEALTHY BUILDING SCORE?.

The Healthy Building Score is aggregated from a variety of data sources, such as:

CAPTURE DATA FROM EVERY SOURCE

Software, hardware and industry agnostic to help protect your assets, people and processes
