

The background of the slide features a low-angle, upward-looking view of a modern glass skyscraper. The building's curved facade and dark window frames create a series of sweeping, rhythmic lines that lead the eye towards the top right. The sky is a pale, hazy blue with soft, wispy white clouds. In the upper left corner, the Honeywell SINE logo is displayed in white. The word 'Honeywell' is in a bold, sans-serif font, while 'sine' is in a smaller, lowercase, sans-serif font.

SINE **QUICK** **OVERVIEW**

| Intelligent Workplace Management
Software For Your Operations

REPLACE YOUR PAPER VISITOR SIGN-IN BOOK

Use Sine's workplace management solution to revolutionize the way people and assets move around your facilities and help meet your compliance goals.

All features are included in all plans like facial recognition, auto-reporting, QR code scanning, customisation and much more.

CHECK IN ALL TYPES OF VISITORS

Sine's flexible visitor types allow for quick check in and out for all your staff and guests. Choose from multiple visitor types or create your own custom labels. Each visitor type can trigger a different entry process within a specific site or zone.

COMPLETE VISITOR MANAGEMENT

MOBILE CHECK-IN

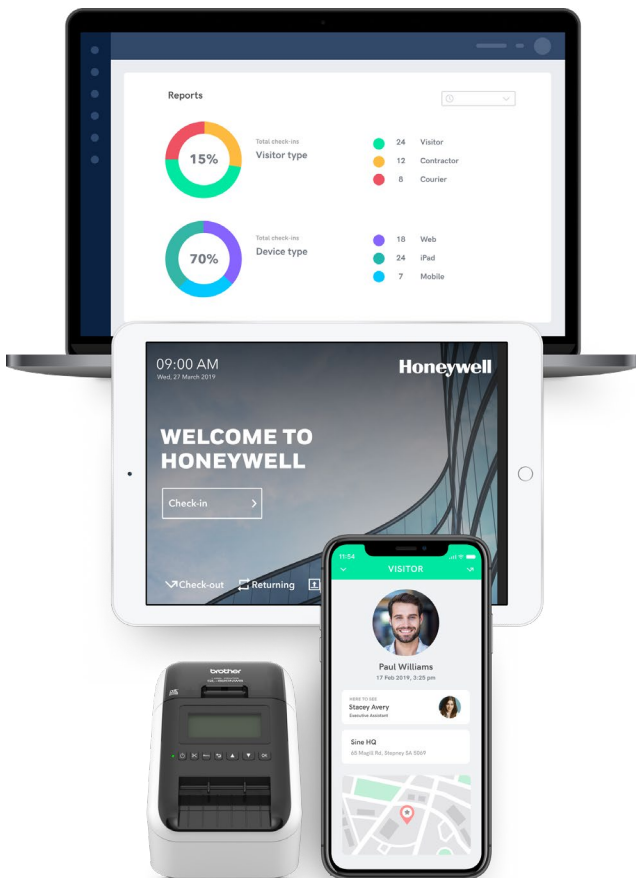

Geofence your site, check-in visitors, and receive instant notifications using the Sine Pro mobile app.

IPAD ON THE FRONT DESK

Print badges, capture photo ID, and sign NDA's with the Sine Point iPad app for instant check-in.

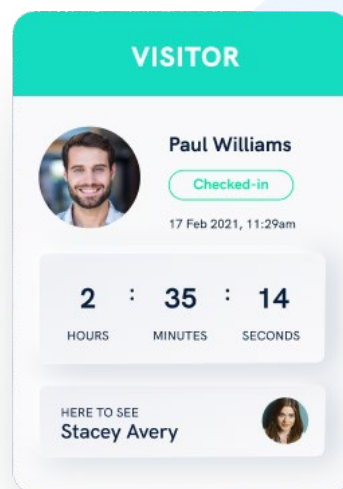

LIVE WEB DASHBOARD

View live activity, send messages, and run reports right from the easy-to-use Sine dashboard.

CONTACTLESS MOBILE CHECK-IN

For a contact-free check-in, Sine set up a virtual perimeter so that all your visitors can check in and out on arrival and departure using the free Sine Pro mobile app. Receive notifications when they arrive and choose to accept or reject with custom messages.

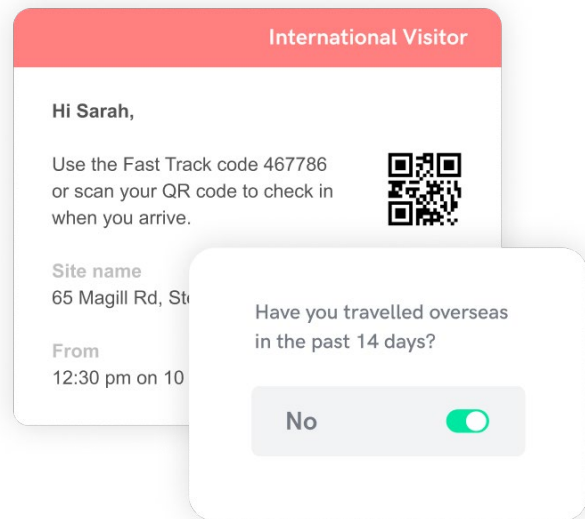

CUSTOM CHECK-IN FORMS

Preregister your expected visitors before they arrive and send an email invite with check-in information and QR code to scan on arrival. Have your visitors sign NDAs, view health and safety information, or complete induction forms.

 **sine workflows**

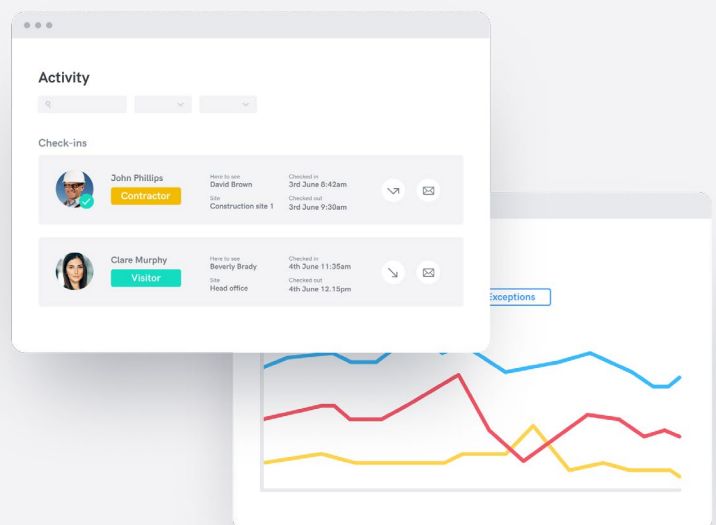

Try Workflows by Sine for full compliance management of all your contractors.

STAY ARCOSS THE BOARD

LIVE ACTIVITY AND REPORTING

With the intuitive Sine Pro web dashboard you can easily track all visitors at site and generate reports to share with your colleagues or suppliers. Automatically highlight visitors that have been rejected by compliance systems or that have not checked out.

STREAMLINE YOUR WORKPLACE

- Fast and simple set-up in as few as 10 min
- Contactless QR code check-in
- Instant visitor badge printing
- Emergency alerts and evacuation lists
- Customisable company branding
- Exit forms and incident reporting
- Notifications via SMS, email, and app
- Document upload and report downloads
- Ideal for multi-tenant facilities
- Invite your visitors to your site
- Have special permits approved
- Integrate with all your tools

**“IT IS SIMPLE, EASY TO NAVIGATE AND
FIND WHAT YOU ARE LOOKING FOR.”**

CHRIS | LENDLEASE

TRUSTED BY GLOBAL COMPANIES

Sine has been rolled out to thousands of companies around the world at locations such as schools, sports stadia, offices, industrial, medical, retail and commercial facilities. We have offices in Adelaide, South Australia, and operations in Culver City, Los Angeles, New York, the Philippines, and Europe.

FULL OF FEATURES FOR ALL PLANS

ID CAPTURE

During check-in your visitor's photo ID can be captured via the SinePoint Pro iPad app to ensure clear identification.

24HR SUPPORT

Have vital issues resolved via phone, email, web dashboard app, and live chat 24 hours a day.

FAST TRACK

When a visitor arrives, they scan their Fast Track QR code from their mobile invite to check in on the iPad.

WATCHLISTS

Ensure your hosts are ready to impress as a VIP enters the building, or warn staff of the arrival of a suspicious character.

FACE CHECK

Allow your visitors to quickly check out on the iPad by showing their face to the screen without inputting their details.

GEOFENCING

Sine set up a virtual perimeter enabling guests to check in and out of your site swiftly.

MULTIPLE LANGUAGES

Switch between languages for multi-national operations, and choose your check-in language for each visitor.

INTEGRATIONS

Easily configure and enable your Workflows with specific workflows per visitor type.
